

# Demos may try to oust Costoff as chairman

By GARY SCHNEIDER  
Press-Record Editor

The wide rift between Madison County Democratic Central Committee Chairman Christ Costoff of Madison and Madison Mayor Mike Sasyk grew wider this weekend as seven township chairmen met quietly Saturday as the county's Executive Board and decided to ask Costoff to step down so that Sasyk can become the new county Democratic chairman.

Costoff, who was not informed of the meeting, told the Press-Record this morning, "I didn't like it. They could have called me like a man and asked me what I'm going to do. I would have given them a good

answer. I think I'm entitled to face the man who's going to take my place."

COSTOFF says he believes the move is retaliation because he and his wife, Maxine, have announced their support for John Bellico for mayor of Madison next election. "Johnny's my banker and our friend. I'm not for him (Sasyk) for mayor. I'll tell you that. I'm for John. I come right out and say that in public, not like these guys that do everything behind your back."

Costoff says he plans to talk to several township Democratic chairmen before deciding whether to oppose the move to oust him. His wife says, "If they don't want Christ, that's no big deal. All he ever wanted

to do was to help people. He will keep on helping people whether or not he is county chairman."

Sources say the township chairmen plan to name Costoff, "chairman emeritus" and let Sasyk lead the party in a new direction, patching the rift with independent Democrats such as County Clerk Evelyn Bowles, Sheriff Emil Trafton, County Treasurer Mick Henkhaus and Circuit Clerk Willard V. "Butch" Portell.

THE INDEPENDENT Democrats have refused to pay the traditional \$7,500 each for support of the county organization in each election. A county organization more in tune with them might bring them back in-

to the fold, some township chairmen feel.

Election of a Republican state's attorney, Don Weber, also is evidence that the party needs to regroup, sources said. Some feel that Sasyk, 62 years old, can better lead the party than the 73-year-old Costoff, who some feel is aging.

Costoff responds, "I feel OK. I went to the doctor last week. I'm in tip-top shape. My legs sometimes give out on me, but I'm OK. I'm not crazy for this job (county chairman), but I can do it."

COSTOFF says he has faced challenges from Sasyk for county chairman before and won twice. "He ran twice before. The last time, he was running as a favorite son. When

I got there (the county convention), everybody backed off."

Some chairmen feel the county Democrats are too old-fashioned, such as housing money for workers to drive people to the polls, although nearly everyone has his own car now. Campaign money could be spent more effectively on advertising, media consultants and computers.

Mrs. Costoff noted that only seven of the 12 township chairmen were present at the meeting and questions were called the Saturday meeting.

The letter announcing the meeting was a memo. There was no letterhead and nobody's name was on it. One thing's for sure, Christ

was not invited and that hurt him. He was crying yesterday. He was real upset."

"POWER MAKES some people crazy. Sasyk's a power monger. Chris is the one that nominated Mike for mayor. Now we have trouble down here. All the politicians are quitting. It's a shame."

Sasyk reached this morning by the Press-Record, said he did not care to comment.

Costoff says some of the township chairmen will meet with their precinct committeemen this week and decide whether to support Sasyk or him for county chairman. "Then I'll decide what I want to do. I'll wait for the township chairmen to tell me if they want me," Costoff said.

## Public to determine fate of Wilson Park swimming pool

By GEORGEANN MCGEE  
of the Press-Record

Granite City Park District commissioners have decided to conduct three public hearings at various park facilities to ask citizens what to do about the aging Wilson Park swimming pool.

The public sessions will be conducted at the Wilson Park Ice Rink, the Harold Brown Recreation Center and the Lincoln Place Community Center at dates yet to be determined. Commissioners also will conduct other types of surveys to try to deter-

mine what the public wants the board to do with the pool.

THE BOARD voted unanimously to prepare for the public meetings, immediately after voting 3 to 2 to make only minimal repairs to the 44-year-old pool this year.

While all commissioners placed a high priority on keeping a pool in the park district, the split vote expressed their indecision on how extensive the repairs should be, in view of the pool's age, its uncertain condition and the district's financial state.

The pool renovations they did ap-

prove will cost about \$30,000, rather than the maximum repairs of more than \$125,000 that would have been needed for a complete renovation.

THE MINIMUM repairs should at least guarantee the pool will open this summer, if it passes the scrutiny of the Illinois Department of Public Health.

Park Board President George Sykes said the district could afford more substantial repairs that might last five years—but still not a new pool—if all other park improve-

## National-U.S. Steel merger plan dropped

By GARY SCHNEIDER  
Press-Record Editor

The proposed sale of National Steel Corporation's Steel Group, including Granite City Steel, to United States Steel Corporation was terminated Friday.

Officials of National Steel reported that the Justice Department's opposition to a similar merger between LTV and Republic Steel, announced Feb. 15, was the reason a National Steel-U.S. Steel merger idea was dropped.

"EFFORTS currently underway to restructure the LTV-Republic merger to meet the Justice Department's objections do not enhance possibilities of future approval of a National Steel sale," said Howard

M. Love, chairman of National Intergrupp, Inc. (NII), parent company of National Steel. "Similar restructuring efforts to make the National Steel sale more anti-trust concerns would be difficult, if not impossible, and would result in untenable delays in closing the transaction," he said.

The announcement that the Feb. 1 agreement in principle for U.S. Steel to buy National Steel was being terminated was made jointly by officials of both steel companies at 10:38 a.m. Friday.

The announcements say it is unfortunate that the Justice Department is seeking to block such mergers, which would make the combined steel companies better

able to compete in the world steel market and would reduce the cost of making steel by avoiding duplication and combining purchasing and sales functions.

"IT IS remarkable that in stating its reasons for blocking this merger, the government would fail to consider the world's steel market and competitive materials when calculating market shares. In addition, the power in the marketplace clearly with the buyer and not the seller," said an official statement released by National Intergrupp, Inc.

However, despite disenchantment with the government over its anti-merger attitude, NII pledged to con-

## Madison police to fight 'standards'

By SUSAN SIGNAIO-WEICH  
of the Press-Record

Six Madison police officers voted last week to hire an attorney to represent them during the city hearings regarding police performance standards.

A delegation of four officers went to Springfield, Ill., Thursday and retained the services of Thomas F. Sonneborn, an attorney who specializes in Policemen's Benevolent and Protective Association (BPBA) cases.

PATROLMAN GARY Marsala, said the decision to retain a lawyer came because the policemen felt Madison Mayor Mike Sasyk has scheduled the hearings to establish a quota system for on-the-job performance and to bring charges against some officers.

The hearings, which are scheduled

to begin March 20, will be heard by the Board of Police Commissioners. During the various hearings, statements will be heard from police officers, from city officials and from residents of Madison or other members of the general public.

Madison City Attorney Casper Nighossian said the board will review how many calls are made by each officer, how many arrests are made, whether the arrests are traffic or non-traffic, how many times they go to court and how many times they drive while on duty.

"WE'RE (Madison police officers) not against the hearings as such, but if they are going to be used as a means to suspend or fire employees, we don't feel they should be held," said Marsala. "We are not going to stand by and become the objects of a witch hunt."

"The crime rate in Madison was down 35 percent last month—that ought to count for something. But the mayor is trying to set rules on how many arrests each officer is going to make per shift."

"If this type of system is instituted, we will have to ticket people for things like a tail light being out, and that's just silly. I don't want to have to be a 'bad guy' for the mayor."

MARSALA SAID he fears that this type of ticketing would discourage merchants from considering Madison as a place to open up businesses. He also said he thinks customers would shop elsewhere to avoid being "hassled" by police officers.

"I have tried to get along with the city administration for the past five years," Marsala said.

## Baucum, 77, says goodbye to store he purchased when 20

Henry M. Baucum, 77-year-old former Madison and Venice office holder, proved he was a man who knew how to seize an opportunity, he recalled as he discussed his early

start as a local grocer. He recently sold Baucum Market, 1001 Logan St., Venice, after operating the business for 57 years. HE WAS JUST 20 when he and his

brother, William, heard a widow in his neighborhood wanted to sell the family grocery store. They both decided then that the time was right to own their own business.

Baucum looks back on the experience and, perhaps, considers his youthful decision a bit ambitious. "Well, maybe it was," Baucum said, "but I came out of high school and that's what I started."

Even at that young age, the Mississippi native had already learned how to work hard. "Since I was 11, I was pressing clothing," Baucum said, with his voice still indicating some conviction that he had taken a logical business step to become a store proprietor.

HIS BROTHER sold the market to him after 18 months. The move made him sole owner of a general merchandise operation that required long days and strenuous work. "Everything was manual labor. The coffee, milk, sugar and beans all came in bulk," he said. He had to haul in heavy sacks and containers and measure out each purchase. "I'm pretty sure it was harder than when," he replied, when asked to make a choice between conditions past and present. "Oh, yes, long, hard hours."

He would start his day at 5:30 a.m. (Continued on Page 6)

## Dislocated workers invited to explore programs at workshop

An informational workshop for laid-off workers will be conducted at the YMCA, 2001 Edison Ave., on March 14 and 21. Sponsoring the program are the Madison County Dislocated Worker's Program and the United Steel Workers of America, Local 1063.

A similar workshop was recently

conducted in Alton by the county and Steel Workers there.

The workshops are intended to head off confusion and frustration unemployed workers can experience when trying to find out what private and public programs are available to them.

The two-day event will show participants what programs may be available to them, how to apply for the programs and what services they provide.

The first session this Wednesday will begin at 9 a.m. at the YMCA with an explanation of both the Madison and St. Clair counties' Dislocated Worker's Program, called CARE (Center for Assessment, Retraining and Employment).

The period from 10:15 to 11 a.m. will concentrate on interviewing techniques and two programs available to the unemployed — the Metropolitan Financial Assistance Project and the Medical Financial Assistance Program.

From 11:15 to noon, programs covered will be the Illinois Department of Public Aid, Social Security, WIC (Women, Infants and Children) program and the YMCA Laid-Off

Workers' Recreational Program.

The second day of the workshop on March 21 will be conducted from 9 to noon at the YMCA and review the same topics.

Those wishing further information may contact either the Steelworkers at 877-8555 or Brenda Derby during office hours at 876-2395.

### Need volunteer for companion program

A volunteer is needed in the Granite City area to make in-home visits to clients of the Senior Companion Program, which is part of Belleville Area College's services to older persons.

The volunteer would be needed about four hours each week to verify companions' timesheets and assist Myrna Kesterson, Madison County field coordinator, in determining the needs of future clients.

Persons with nursing skills or special service backgrounds would be especially suitable, Mrs. Kesterson explained.

Further information may be obtained from the field coordinator by calling 876-3223.

### AUTO CATCHES ON FIRE

Dennis Martin, St. Louis, told Madison and Granite City firemen that his four-wheel drive vehicle caught fire after it backfired while he was driving on Route 3. Martin said he pulled off the roadway to extinguish the fire, but was unsuccessful. Fire officials said damage to the vehicle was extensive.

## St. John meat sale slated March 23 & 24

St. John United Church of Christ, 2001 Nameoki Road, will be conducting an open market country meat sale on Friday and Saturday, March 23 and 24, in the cemetery building.

Four kinds of homemade sausage, pork, blood, liver and headcheese, will be sold for \$2.20 per pound, according to Don Robertson, chairman.

Country bacon and whole or half country hams will be sold for \$2 per pound.

Anyone who wishes to order may do so by calling Don Robertson at 876-0168, Steve Sues, 876-2256, John Relke, 931-1529, or the church office, 877-6060. Orders must be placed before March 16, and picked up Friday, March 23, between 9 a.m. and 5 p.m. or Saturday, March 24, between 9 a.m. and noon.

Persons who prefer not to order in advance may shop at the market on

Friday or Saturday until the supply is depleted. Robertson suggests ordering early, however, to guarantee selection.

## Local Steelworkers endorse Mondale

At its regular meeting of March 6, 1984 the Joint Committee of United Steelworker of America Local Unions 16, 30, 67 and 68, which represent Steelworkers at Granite City Steel, endorsed the candidacies of Walter Mondale for president of the United States and Paul Simon for senator.

Plans were made to engage in leafletting activity in behalf of these two candidates prior to the March 20 primary election. In addition, the four local unions are assisting in a Mondale for President phone bank at the Labor Temple.

## Milton candidate for county board

Herbert "Junior" Milton is a candidate for Democratic nomination March 20 to continue as the District 22 member on the Madison County Board.

A resident of 2319 Washington Ave., Milton, 53, heads the board's county governmental negotiating committee.

Negotiations with sheriff deputies are to be resumed in a short time. Milton currently is recuperating from ear surgery.

In addition to seeking the board nomination, he is a candidate March 20 for re-election as Granite City Precinct Four's Democratic committeeman.

In November 1982, Milton was elected as chairman of the Illinois Association of County Board Members. He was the first chairman from the southern half of the state.

He has been a member of the group since 1972 and was its vice chairman for six years. It is part of the Illinois Association of County Officials.

Milton was elected to the County Board in 1972 and then re-elected in 1976, 1980 and, due to redistricting, in 1982.

A four-year term is to be decided this year. There is no Republican candidate at this time in District 22.

A longtime Granite City Steel employee and a widower, he is the father of five children. He has resided in the same district for 36 years.

His memberships have included Veterans of Foreign Wars Post 1300, Amvets Post 51 and Masonic Lodge 835.

HERBERT MILTON

Through board and board committee service, he has been active in providing more county office space, creating courtrooms, modernizing the county nursing home, upgrading county roads, expanding law enforcement, encouraging development of homes and recreation areas, maintaining the county licensing program, planning and establishing the new jail and increasing the scope of services to senior citizens.

## Unemployment climbs in post-holiday period

Seasonal employment downturns in the post-holiday period were blamed for a rise in the unemployment rate throughout the area in the monthly unemployment statistics released by the Illinois Department of Labor's Bureau of Employment Statistics.

In Granite City, the unemployment rate increased from 13.7 percent in December to 15.6 percent in January's preliminary figures, the latest month available, according to Vaida Gerstenecker of the research and analysis division in Belleville.

"As expected, unemployment rose substantially with the occurrence of seasonal employment downturns," she said in the monthly report.

The same was true in other major cities in the area as unemployment in Belleville rose from 14.9 percent in December to 17.7 percent in January, the highest listed, Alton's unemployment increased from 12.5 percent to 14.6 percent in the same period and East St. Louis' unemployment rose from 10.3 percent to 11.2 percent.

The unemployment totals do not reflect those whose unemployment insurance benefits have run out or those who have been unable to find a job and have returned to school.

Madison County's unemployment

also showed a jump, from 10.9 percent in December to 13.1 percent in January, the figures show. Of a workforce of 17,025 in January, 2,250 were unemployed in the county.

In Granite City, the workforce climbed slightly from 19,675 in December to 19,750 in January while the number of persons on unemployment rolls increased from 2,700 to 3,075 in January.

Calhoun County had the highest unemployment rate among the seven counties in the study area with 29.9 percent unemployed (700 persons from a labor force of only 2,350); Jersey County was next highest at 17.7 percent unemployed, followed by Bond County at 14.8 percent, Clinton County at 13.3 percent, Madison County at 13.1 percent, Monroe County at 12.3 percent and St. Clair County at 11.8 percent.

Throughout the seven counties, the unemployment rate increased from 10.5 percent in December to 12.5 percent in January. Of a January labor force of 292,800 in the seven counties, 36,525 were on the unemployment insurance rolls, the report relates.

Statewide, unemployment rose from 9.4 percent to 10.7 percent in January with 589,000 out of work among a labor force of 5,504,000.

## DISTURBANCE ENDS IN ARREST OF PAIR

Richard D. Burkett, 29, of 2200 Adams St., was turned over last week to authorities from the Clinton County Sheriff's Department who held four warrants, including two felony warrants, for his arrest.

Prior to the active warrants being discovered, Burkett was charged with disorderly conduct following an incident at his home in which Rosam R. Burkett, 21, of the same address, also was booked on a conduct charge.

Officers were called to the dwelling and reported hearing banging noises and loud voices coming from their apartment.

Officers cautioned the pair and then left, but remained in the vicinity and alleged seeing Burkett come into a hallway and throw a concrete block against the door of another apartment.

Following Burkett's arrest, Roxan Burkett allegedly cursed and yelled at officers and then came outside and reportedly began screaming at police. She was charged with disorderly conduct and later was released after posting a \$52 cash bond.

## ALLEGATIONS OF BATTERY

Michael D. Parker, 26, of 2235 E. 23rd St., posted \$102 bail after being arrested last week on a March 1 battery complaint by April Parker. In an unrelated case, Kathy Burris, 1817 Bremen Ave., was struck with fists about the face last week, receiving hospital treatment for a cut near the left eye and a swollen lip; at a hearing Thursday afternoon, a battery allegation was dropped and a suspect was released.

## Weber probe findings will be after primary

Madison County Republican voters will have to choose a prosecutor nominee March 20 without knowing the outcome of a grand jury investigation of State's Attorney Don W. Weber.

Weber and James R. Heil are competing for the GOP state's attorney nomination. Heil describes the delay in the grand jury's report as unfair to the candidates.

**THE SPECIAL JURY** looking into Weber's handling of the office adjourned last week until March 28, more than a week after the primary election.

Special Prosecutor Paul C. Verticchio said the jury met through March 8 and then omitted its March 7 session, because some of the witnesses could not be contacted.

He said jurors are taking no special note of the primary election in their proceedings. "It's just another day," he commented in saying there is no political motivation or involvement.

**VERTICCHIO** stressed that more evidence and testimony must be considered before jurors decide whether there is reason to believe

that the law may have been violated. The jury has met several days since Feb. 21 to study allegations against Weber by a Belleville lawyer, Amiel Cueto, who says an employee was overpaid, persons known to be innocent were prosecuted, and staff members were pressured to make political contributions.

Weber and his wife have denied Cueto's claims and are suing him for libel.

**MEANWHILE**, Weber has expanded another grand jury's work, the investigation of Madison County assessments. The initial topic was assessing officials' review of the valuations of 30 new-car dealerships. Now other valuations are being studied.

The jury is seeking ways to expedite its analysis of voluminous public review records. Weber is forecasting voting of indictments that will "rock this county" to its foundation. He says he may call as a witness William Nichols of the Horseshoe Lake area, who has been voicing allegations of "widespread" wrongdoing.

## School decisions on March 20, 27

By BILL WINTER  
of the Press-Record

How to reverse its income-outgo imbalance continues to occupy the Granite City Board of Education, which met for 90 minutes Sunday and hopes to make a number of 1984-85 cost decisions March 20 and 27.

After the board's session on personnel and negotiations yesterday afternoon, School Supt. B.J. Davis said he will spend this week developing background data and recommendations on many facets of the school system, including the "price tag" on various programs and the impact of their continuation or elimination.

**ALL SEVEN** board members participated in Sunday's deliberations. There will be four meetings this month, March 6-11-20-27, to complete staffing and other plans for the fiscal year starting July 1.

Based on ideas from citizens and from a board-administrator round-table meeting, the board has announced it is, at least tentatively, exploring such possibilities as:

—Evaluation of existing staffs, instruction and activity programs at all levels.

—Ways to improve staff morale and enhance the schools' image, including talks to local groups and

advertising of positive school accomplishments.

—**USE OF STUDENTS** to decorate or repair school classrooms and buildings.

—Decentralization of budgeting to include financial decisions by principals.

Raising of funds from parents, individuals, groups, businesses, industries, agencies and foundations for special projects, extracurricular programs or other needs, including "adopt a room" and "adopt a school" concepts.

—Charging or increasing fees for instructional materials, activities or other school program costs.

—Selling unneeded school property, including March 19 sealed bidding on Emerson, Johnson, Logan and Washington schools and a 100x265-foot tract in the Nameoki campus.

—The current salary freeze, adjusting pay periods from twice a month to once a month, and possibly ending extra pay for supervisory work during school hours.

—Assessing voters to approve more taxation to meet operating costs.

—Issuance of bonds for building renovations, and other steps to reduce the present multi-million-dollar debt.

## GC man arrested, violation of restraining order alleged

Glendal F. Jackson, 24, of 4907 Kirkpatrick Homes, was arrested by Madison police late last week after he allegedly violated a restraining order.

Jackson was charged with reckless conduct, violation of a court order of protection, reckless driving and driving while his license was revoked.

Dorothy Gray said she had just driven across the intersection of McCambridge Avenue and Sken Street when Jackson allegedly drove

out of the parking lot of the Dairy Queen and nearly collided with her car.

She said she accelerated to a high speed when she realized who it was and came straight to the police station to report the incident.

She said Jackson is under a court order restraining him from contacting or harassing her.

Jackson was being held in Madison pending a check by the Department of Criminal Investigation.

## Pedestrian hit in crash on Route 3

A one-car collision occurred at 11 p.m. Tuesday night, 60 feet south of the Madison County line sign on Route 3. The crash resulted in injuries to a pedestrian.

Larry D. Keel, 39, of 2222 State St., was taken to St. Elizabeth Medical Center after he was struck by a vehicle being driven by a Madison woman.

Anna L. Freeman, 56, of 74 Grenzer Homes, Madison, said she was northbound on Route 3 and saw Keel standing in the roadway. She said she tried to swerve to keep from hitting him, but was not successful.

A witness who was driving along Route 3 at the time said that he had

almost hit Keel himself. No one was released from the hospital Friday.

**GC WOMAN IS CHARGED**

Betty Jackson of Granite City was charged with disorderly conduct at 2:10 a.m. Sunday when she allegedly kept interrupting as police questioned Deborah Pittman at 3000 Madison Ave., driver of an automobile, who was charged with speeding after allegedly driving 46 miles per hour in a 30-mph zone and was released on her signature. Betty Jackson, a passenger in the car, was later released after paying \$52 cash bail.

## Former residents die in Texas crash

A former Granite City woman, Mrs. Sherrie Eileen (Boling) Hahne, 59, and her 6-year-old son, Kevin Wayne Hahne, died of injuries sustained in an automobile accident in Austin, Texas, Saturday.

Her daughter, Nicole Faye Hahne, 5 years old, also a passenger in the automobile, is in critical condition with head injuries in a hospital in Austin.

Details of the accident are not complete but it is believed the Hahne car was struck by a truck.

Additional information appears in today's obituary column.

## Public hearing reviews County's performance

A public hearing will be conducted at 6 p.m. tonight at the Madison County Courthouse in Edwardsville regarding the county's performance in carrying out the Community Development Block Grant Program for the past year.

The performance of the county will be reviewed and then the general public will be solicited for its comments.

The hearing will also include citizen input for application contents for the 1984 and 1985 Two-Year Community Development Plan. For additional information concerning the hearing, interested persons may contact the Madison County Community Development Office at 1-692-6200, Ext. 4386.

## STATE COMPTROLLER BURRIS TO SPEAK IN CAHOKIA, ILL.

State Comptroller Roland W. Burris, Democratic candidate for U.S. Senator, will speak at a press conference at the Bi-States Park Airport Main Terminal, Cahokia, Ill., at 2:15 p.m. this Wednesday. This is part of the candidate's final statewide campaign before the primary election.

## News notes

The second federal trial of Thomas R. Brimberry, formerly of Granite City, is beginning today in St. Louis, with the initial topic to be alleged perjury to a grand jury; the trial was postponed Nov. 21 until today. Alleged to be the key figure in a scheme involving millions of dollars from Six & Co. stock brokerage accounts, Brimberry was sentenced to a ten-year prison term after an Alton trial on occurrences following the brokerage's collapse.

Illinois Power Co. plans to ask the Illinois Commerce Commission this year to consider another rate hike request, despite a 33 percent rate rise in 1983. There were rate boosts of 10 percent for electricity and seven percent for natural gas in January 1983.

Several school districts are suing the state to force it to abide by the Mandates Act. The current case involves mandating equal pay between school nurses and classroom teachers. It is contended that legislators often require added school spending without providing the financial base for it.

The Madison County Medical Society will leave it up to each physician whether to follow an American Medical Association recommendation that doctors not raise their fees for a year.

Construction of Interstate 255 segments near Collinsville is to begin in April. The timing is a year ahead of schedule due to receipt of \$53 million in federal discretionary funds that other states were not prepared to use.

National unemployment fell to 7.8 percent in February from 8 percent in January.

Madison County may sue to recover \$128,000 in truckers' bonds stolen by a Collinsville lawyer.

The governor will support legislation to provide free bus service for all Illinois pupils, including parochial students, living more than a mile and a half from their schools.

Dr. Harold G. Shane, Indiana University education professor, will be the featured speaker at the Madison County teachers' institute March 23 at SIUE.

## Burglars take guns, \$160 money

A burglary was reported last week at 919 Fourth St., Venice, after a witness observed three black males lurking around the residence.

The witness said one of the suspects walked up to the front door, unlocked it, and took the license plate of the suspects' vehicle revealed that it had been stolen from

a shopping center parking lot in St. Ann, Mo., in late February.

Taken in the burglary was a .22-caliber automatic rifle, a .22-caliber revolver with a white pearl handle and \$160 cash.

Police are still investigating the case.

## 3-car crash causes injuries to 1

A three-car collision which occurred on the McKinley Bridge in Venice Friday morning resulted in injuries to one of the passengers.

Michael Hudson, 31, of St. Louis, was treated at St. Elizabeth Medical Center for injuries suffered. A Venice police official said that Hudson was blown from the car when the police arrived on the scene.

Hudson was a passenger in the car of Samuel Alan Millard, 29, of St. Louis.

Other motorists involved in the accident included James Henry Combs, 58, of St. Charles, Mo., and William R. Hicks, 38, of 2014 Fifth St., Madison.

Millard said he was eastbound at the curve onto McKinley Bridge when his car hit a slick spot and swerved. He told police that when he looked up, he saw that he was going

## SIX-YEAR-OLD GC BOY UNDERGOES EYE SURGERY

Dean Justus, 6, of 4178 Breckenridge Lane, underwent eye surgery at Barnes Hospital in St. Louis on Friday after a BB shot hit his right eye.

His grandmother, Mrs. Glenda Stubblefield, reported the incident at 3:45 Saturday and explained it was not reported earlier since the family believed he injured his eye when he fell from a fence at a babysitters home, 2504 Revere's Route.

It was not until the child was X-rayed at the St. Louis facility that the parents learned of the BB shot in the eye.

When the child was injured, the babysitter called his mother, who was working in St. Louis, and told her he fell from the fence. She, in turn, contacted an uncle who went to the Revere's Route residence and took the child to St. Elizabeth Medical Center. After an examination there, he was transferred to Barnes Hospital.

**ADDRESS IS IN ERROR**  
Charles Ragan, 40, who was arrested last week, does not reside at 1041 Washington Ave., the resident at that address said after reading Thursday's Press-Record. Although that was the address given for Ragan, he never has lived there, the owner says.

## REPORTS GUN STOLEN

A 6-inch blue steel revolver, with six rounds of ammunition, encased in a brown holster, was reported stolen from the house of Earl Branch, 2310 W. 24th St., at 7:55 p.m. Friday. Entry to the residence was gained by forcing a door open, causing damage to the inside and outside frame, according to the owner.

Q. I'd like to settle an ongoing argument with my son, and thought perhaps you would have an answer to this question: How much more can a college graduate expect to earn than would a high school graduate?

A. If the argument is centered around whether or not your son should go to college, the following information may just be the deciding factor. Statistics have been gathered, indicating the income differences for both men and women who are high school and college graduates. Although the figures gathered between 1968 and 1980 do indicate that the gap is closing, there still is a significant difference. In 1980, males, 25 years of age or older, who graduated from college, earned, on average, 25 percent more than men who had only a high school education. The income difference for women, aged 25 or over, is a bit higher. Statistics indicate female college graduates earned an average of 31 percent more than their high-school graduate counterparts in 1980. In the long run, it certainly appears that the time and expense is worth it.

## Announcement ends doubts

Although the Justice Department's opposition to steel corporation mergers may not be in the best interest of the domestic steel industry, we still breathe a sigh of relief that National Steel will continue ownership of the Granite City Steel plant.

While we do not claim to be experts in the steel industry, at least Friday's announcement that the proposed sale of National Steel and United States Steel will not go through ended a lot of questions in this community.

U.S. Steel seemed, to us, quick to close plants and placed economic considerations over employee well-being to an excessive extent. National Steel, while it has seen it necessary to lay off large numbers of people, has at least kept the welfare of its employees in mind in making its decisions.

We also feared that merger with U.S. Steel would result in further combining of purchasing,

sales and other operations in areas other than in Granite City. That could translate to fewer jobs in this community.

Perhaps we are wrong. Perhaps merger of National Steel with U.S. Steel would have created a strong and growing giant industry, to the benefit of all U.S. Steel's facilities, including the Granite City plant. However, we are happy the uncertainties are at an end. A bird in the hand (a profitable steel mill) is worth two in the bush (a profitable mill merged with a giant corporation which is losing money).

We were greatly reassured by Howard Love, chairman of National Intergroup, Inc., who pledged that National will continue to operate and is prepared to take full advantage of a temporarily improved steel market and anticipates profitable steel operations during 1984. We wish them success beyond their most optimistic projections.

## Spending \$100 million an hour

(Guest Editorial by U.S. Sen. Steven D. Symms (R-Idaho))

When Budget Director David Stockman recently appeared before the Senate Budget Committee to defend the administration's new \$925 billion spending blueprint for next year, I told him that I would lend him my chain saw if he couldn't find his famous budget axe to cut the government's costs and deficits down to size.

Stockman agreed that the budget called for too much spending and too much red ink, but he offered little hope that Congress or the Administration would muster the courage this year to do anything about the problem.

Actually, there is a very easy way to balance the federal budget next year. All we have to do is hold federal spending down to a rate of only \$85 million an hour. That shouldn't really be impossible because, as I pointed out to Stockman, that is how fast the government was spending money as recently as last year. And a lot of people—including me—thought that last year's spending blueprint was too big.

The new budget calls for spending at the incredible rate of \$100 million an hour. That's \$15 million an hour faster than the taxpayers are sending money to Washington, and it is also \$15 million faster than we were spending their money in Fiscal Year '83, which ended last October.

There is an attitude of defeatism in Washington today about controlling spending. I regard that as

intolerable. Many members of Congress seem to think that Americans are going to swallow massive new tax increases to close the deficit, but they are wrong.

A recent Gallup Poll shows that 71 percent of the people want to reduce the deficit by cutting spending, and a mere six percent favor tax increases to reduce the deficit.

It isn't lack of revenue that is causing our deficits. It is runaway federal spending. Congress has increased taxes 193 times in the last 53 years! But we've had deficits in all except eight of those years and in every one of the last 15.

In just two years, between FY '83 and FY '85, according to Stockman's new budget, tax collections will increase by nearly \$145 billion and spending will increase by about \$130 billion. Hence, we could wipe out almost three-fourths of the deficit without any new taxes if we merely rescinded the spending increases that have occurred or will occur during those two budget years.

Surely this is not asking too much. Many Americans today are living on family budgets that are the same or even lower than they were a year or two ago. Why can't the government do that also? We don't have to repeal the New Deal or turn the clock back to the 19th Century. All we have to do is slow down the federal spending rate to \$85 million an hour, so that it would match the \$85 million an hour that we're taking out of the taxpayers' pockets.

The deadline for filing a federal income tax return is a little more than a month away. Persons shopping at Crossroads Plaza Sunday were asked if they had already filed their return and if they expected to get any money back. Their reactions follow:

**Richard Anderson, Granite City**

"I figured my taxes the first week, the week I got my W-2's. I always get mine done early. Yes, I expect to get some back. The secret to that is file no dependants."

**Melinda Kessler, Granite City**

"Yes, I've filed already and yes, I will be getting money back. It's simple. Don't claim any deductions. I get money back every year."

**Dana Harris, Granite City**

"No, I haven't filed yet, although I usually file in February. Why haven't I? Because I'm afraid I'll probably be paying this year, because I made more."

**Jim Robins, Granite City**

"Yes, I've filed already, but generally earlier than I have this year. I always get money back. I don't claim any dependants and file singly."

### Pensions preferable to short-term work

To the Editor:

This is a very serious matter and should have everyone's attention. It involves people who have been laid off for two years who were supposed to get a pension and had all their pension papers signed, but at the

last minute were called back to work. With the possibility it could be short-term employment.

After being laid off for two years, if the company cannot give them long-term employment, they should be entitled to a pension.

I don't see how one week or six months could be considered long-term employment.

I must have my name left out because of being fired.

VERY CONCERNED

### Questions adequacy of Madison police

To the Editor:

As a Madison police officer, I am glad to see that the citizens of our community are deeply concerned with what is going on in their police department.

Since the defeat of Home Rule, the policemen and citizens have had to pay the price, at the hands of a vindictive mayor. Police officers had been threatened with no raises and the loss of two officers which indeed have come about. There has been no upgrading in the police equipment, except for the purchase of another radar gun.

There are no monies to purchase uniforms, no monies to replace worn out police cars, yet hundreds of thousands of dollars are pouring into the city from the utility tax imposed on the citizens of Madison.

At present, there are nine officers on the Madison police force (including the chief and detective

who don't work patrol). The department is seriously undermanned.

A majority of the time there is only one officer patrolling the city of Madison. This officer is required to run radar during his entire shift and answer all incoming calls.

If a serious matter occurs, he must rely upon officers from surrounding departments to back him up.

Radar is being run on a 24-hour basis in Madison, even though we have a 12 percent decrease in traffic accidents. Does the city of Madison really need the money to justify turning Madison into a radar trap? Is this the administration's way of drawing business into our community?

In 1911, Madison had nine policemen on the force — today, 1984, Madison still has nine policemen on the force and soon that

number may be even lower as two officers are planning on leaving. I ask you, hasn't the city of Madison progressed any since 1911?

The Madison Police Department is deteriorating at a fast pace, all because of the vengeance of one man. It is a shame that the members of our City Council, who you, the citizens, vote for and put in office, allow this to happen and says nothing.

Now is a serious time, not only for the safety and well being of our citizens, but also for the policemen who serve us. Let's not turn our backs on the policemen who have made Madison a safe place in which to live, work and raise a family. I ask you to support your police now. They need you more than ever.

Request my name be deleted to avoid further harassment.

### Education budget called dangerously low

To the Editor:

The governor's recommended increase for elementary and secondary education is dangerously and shamefully low.

For the last eight years, the state has retreated from providing its share of funding for education. But Gov. Thompson's budget proposal threatens the survival of public schools and the well-being of students.

Once again, the governor has shown that his top priority is not elementary and secondary education students. Despite the rhetoric in his message, the percentage of state dollars for schools continues to decline.

While it's reassuring to see that he supports many of the reforms the State Board of Education is recommending, it is extremely disappoint-

ing that the chief executive of this state proposes a funding level that promises only to further erode the quality programs which remain in Illinois' schools.

Such low funding for schools will deny for our children the quality of education which was demanded by our parents for us.

The governor's support of a \$250 million increase in new state funds for education over the next three years is not enough even for this year.

It will not maintain the present system over the next three years, and certainly will not be enough to fund the needed reforms.

It is small consolation to offer schools a \$250 million increase over the next three years after many school programs have been gutted by state neglect. (The governor lists

\$2.211 billion for the coming year.)

The State Board of Education's proposed fiscal year 1985 budget (July 1984-June 1985) calls for \$2.606 billion in state funds. The \$475 million increase in state general revenue funds over FY '84 figures would provide a \$285 million increase for education programs and administration and \$190 million for the State Teachers' Retirement Systems.

Also, the board's budget includes \$435.3 million in federal funds and \$14.3 million in state funds earmarked for driver education.

The board's proposed budget totals \$3.056 billion in federal and state funds.

## 9 precinct committeemen opposed on March 20

By BILL WINTER  
of the Press-Record

The March 20 primary election will only choose nominees for various county, regional and state public offices; actual election will not be until November. But next week's balloting will be final in regard to the selection of political party leaders.

Nine Quad-City area precinct committeemen have opposition for retention of their party positions for another two years.

They include Madison Mayor Mike Sasyk, 1423 Fifth St., opposed for Democratic committeeman of Venice Township Precinct Six by Frank H. Marsala, 1643 Fifth St., Madison.

Nameoki Township Highway Commissioner Frank G. Mehele, Rural Route One, has opposition for re-election as Democratic committeeman of Nameoki Precinct Seven. The other candidate is Charles E. Luehmann, 4562 Edwardsville Road. Hollis Donaldson, 1603 Maple St., Democratic committeeman in Granite City 10, is opposed by Steve G. Ortiz, 1744 Maple.

Competing in Granite City Five are Committeemen Edward G. Asadorian, 2117 Grand Ave., and Joseph D. Parente Jr., 1510 Twenty-third St.

There is a three-way race in Granite City Seven, where Democrat Beverly Schutzenhofer, 2201 Delmar Ave., seeks re-election. Also on the ballot are Claud W. Ward, 2208 Cleveland Blvd., and Paul M. Perdue, 2205 Cleveland.

Another three-way Democratic contest, in Nameoki Precinct 11, involves Committeemen Sylvia G. Theis, 2300 Arnold Drive, Carl Foelt, 4537 Maryville Road, and Stephen Isenbarg, 2179 Northland Drive.

Nameoki Four Democratic Committeemen James F. Counts, 3200 Harvard St., State Park Place, is opposed by Homer Bothman, 3208 Fairmont Ave., State Park Place.

Running against Chouteau Township Three Democratic Committeemen Dudley T. Luebert is Charles A. Hendricks. Both live in Hartford.

Democratic Chouteau Precinct Seven rivals are Committeemen Barbara Overton and Thomas W. "Tom" Johnson, both of South Roxana.

Jerome Juda is not seeking re-election as GC 24 Democratic committeeman. To succeed him, there is a two-way race between Walter "Shang" Greathouse Jr., 2133 Waterman Ave., and Monroe "Mark" Reynolds, 2151 Woodlawn Ave.

Three Democratic committeemen in Nameoki Township are retiring: John Soles in Precinct Two, Otis O'Brian in 10 and Carl Macios in 12.

Running to replace them are Charles E. Reed, 2528 Beckwith St., Madison, in Two; Loren L. Madison, 14 Jones Park, in 10 and Louis Zeffo Jr., 89 Cambridge Drive, in Nameoki 12.

Forty-nine local political party committeemen are unopposed for re-election March 20, 1984:

Granite City Republicans Dale G. Hyle (Precinct 12, 2627 E. 24th St.; Harold Stallings (26), 2686 Grand Ave.; and Delton R. Groothuis (31), 2599 Spaulding Ave.

Chouteau Democrats Albert E. Doerr (Precinct Two), South Roxana; Joseph D. Stefanoff (Four), Rural Route Two, Granite City; Christine Wallace (Five), 128 Kinder Lane, Mitchell; and Elaine J. Estes (Six), 5445 Maryville Road.

Nameoki Democrats Robert E. Vincent (One), 25 Victoria Drive; Joseph Garcia (Three), 2244 Miracle Ave.; Mrs. Helen M. Hawkins (Five), 2600 Angela Drive; Jerry L. Adams (Six), 2573 Buenger Blvd.; Nameoki Township Supervisor Harry A. Briggs (Eight), 4265 Lake Drive; and Donald C. Rea (Nine), 4237 Marigold Drive.

Venice Township Democrats Valeta Bauder (Precinct One), 708 Third St., Venice; Doris J. Baker (Two), 1329 Robin St., Venice; Don Garrett (Five), 401 W. 2nd St., Madison; Hilbert Hoskstra (Seven), 1700 Second St., Madison; Andrew F. Economy (Eight), 838 Alton Ave., Madison; Madison County Democratic Chairman Christ Costoff (Precinct Nine), 1227 Madison Ave., Madison; and James

M. Riddle (Venice 11), 417 Weaver St., Venice.

Granite City Democrats: Frank J. Fuzessery (One), 1439 Madison Ave.; Agnes J. Barunica (Two), 1928 Grand Ave.; Herbert "Junior" Milton (Four), 2319 Washington Ave.; Vera LeMaster (Six), 2138 Benton St.

Emmett Joe Williams (Eight), 2030 Bryan Ave.; Lloyd H. Bailey (Nine), 2907 Roosevelt Ave.; Joseph R. McGinness Sr. (11), 2605 Washington Ave.; Everett Morlen (12), 2666 E. 24th St.

Donald E. Gray Sr. (13), 2606 Sheridan Ave.; Richard H. Schneider (14), 2765 Washington Ave.; Carroll "Bud" Gates (15), 2425 Edison Ave.; Granite City Democratic Chairman William "Bill" Harrison (16), 739 N. 27th Place; Dick Allen (17), 2623 Delmar Ave.

Sandy Pence (18), 2914 Myrtle Ave.; Edward L. Vaughn (19), 3029 Ramonda Drive; Alderman Sharon S. Patak (20), 2228 Cleveland Ave.; Frank Laub (21), 1535 Cottage Ave.; Donald J. Lane (22), 1740 Bremen Ave.; John "Jeff" Worthen of the Granite City Park Board (Precinct 23), 3318 Franklin Ave.; Carl Morris (27), 2900 Victory Drive.

Madison County Board Chairman Nelson "Nellie" McGinnis (GC 28), 2708 Saratoga Ave.; Wade Campbell (30), 14 Briarcliff Drive; County Board Member William B. Webb (31), 4653 Stearns Ave.

Walter C. Milton (32), 3214 Wabash Ave.; Alfred R. "Hook" Watson (33), 2553A Benton St.; Alderman Michael E. Modrusile (34), 2036 Pontoon Road; Vahog Mateosian (35), 3226 Colgate Place; Rebecca Chandler (36), 2913 Forest Ave.; and Superintendent of Streets Mac G. Warfield (37), 22 Devon Hill Lane.

In 27 instances, present committeemen did not file for re-election and no one else filed.

Eight of the retiring committeemen are Democrats: Chouteau One, Lee Pavia; Venice Three, Eddie Salmond; Venice Four, Andrew Watts; Venice 10, Edward Brandes; Granite City Three, David Glen Sadler; GC 25, Lurion Pulley; GC 26, Fred Schuman; and GC 29, Margaret Nomm.

Republican committeemen not filing are: Venice Two, Gregory Katana; Chouteau Seven, Eric McDowell; Nameoki Four, L. Michael Nance; Nameoki Seven, John Rolke; Nameoki 10, Raymond Gray; Nameoki 12, William Buer; GC Seven, Albert Stevens III; GC 14, David House; GC 15, Norman Fenton; GC 16, Mary Ann Grupe; GC 17, Edward Fitzhenry Jr.; GC 21, Gerald Downing; GC 22, Roger Basarich; GC 23, Janet Wilson; GC 24, Maxwell Forbes; GC 29, Richard Elmore; GC 30, Thomas Harmon; GC 32, Kent Holsinger; and GC 33, Walter Emde.

In 45 Republican precincts, no one filed and there was no incumbent committeeman:

Chouteau One through Six, Venice One, Venice Three through 11.

Nameoki One through Three, Nameoki Five, Six, Eight, Nine and 11.

GC One through Six, GC Eight through 11, GC 13, GC 18 through 20, GC 25, 27 and 28, and GC 34 through 37.

GC SERVES FOUR WARRANTS

Acting on warrants, Granite City police booked Barbara Merchani, 36, of 2250A State St., on Thursday for March 6 property damage; Edward F. Flaughter, 22, of 2569 North St., on a 1983 speeding warrant and a new allegation of driving a car without valid registration; Darlene A. Callender, 27, of 3006 E. 23rd St., on a charge of failing to buy a city auto sticker and a new ticket alleging improper lane usage; and Edward F. Deidiker, 30, of 3834 Lake St., Pontoon Beach, for February 1984 possession of a controlled substance. Deidiker pleaded innocent at 3:40 p.m. Thursday and was held in lieu of \$1,502 bail.

VIOLENT BEHAVIOR

## Warmack arrested on 2 federal counts

Charles Gerald "Jerry" Warmack, 38, was arrested at his mobile home in the 2800 block of Pershing Blvd., at 7:45 p.m. Thursday on a two-count federal warrant.

Alleged to be a felon in receipt and possession of a firearm, he was taken by local police officers to the Granite City police building.

There, custody was transferred to agents of the U.S. Alcohol, Tobacco and Firearms agency and he was taken by them to the St. Clair County jail pending a hearing. The bond is \$25,000.

The arrest was made without incident, Warmack allowing officers to enter the residence.

James Rideout, ATF group supervisor, advised Warmack of the warrant and outlined his rights while the suspect was at the police station here.

During the visit to the mobile home, Granite City police seized a syringe, a needle and a substance that they said were visible in a kitchen cabinet whose door initially was open.

## GC Catholic parishes set Mission Sunday

Sunday, March 18, is Mission and Membership Sunday in all Catholic parishes of the Springfield Diocese. It is that special day when members are asked to respond to the needs of the missions, through prayer and personal sacrifice.

Each year over 1000 mission dioceses appeal for support. The aid furnished by Catholics on Mission Sunday is called the "daily bread" of the missionaries, providing them with food, medical care, clothing and transportation.

Without this aid, their work would collapse. Funds collected on this Sunday are distributed as follows: 51 percent is sent to missions in Asia, Africa, Latin America, and Oceania; 9 percent goes to the Near East mission, and 40 percent to

main in the United States.

Pope John Paul II, through the Society for the Propagation of the Faith, asks all people of faith and love to help that the church's missions will continue.

### Diocese introduction on pastoral letter

An introduction to the Bishops' Pastoral Letter on War and Peace will be presented on Monday evening, March 26, 7:30 to 9:30 at St. Elizabeth School Cafeteria, 2301 Pontoon Road, by a team of Dr. Kenneth Sauer, and James and Susan Morris.

This session is intended to provide a brief introduction to the pastoral letter on War and Peace which was approved by the American Bishops on May 3, 1982, after nearly three years of development. The most important features as well as some of the possible implications of the letter for American Catholics will be discussed.

This course is sponsored by the Diocesan Catholic Education Office for Catholics and anyone interested in deepening their knowledge and understanding of teachings of the Catholic Church on peace and justice.

### Victory Pentecost to host 4-day revival

A revival is planned to begin on Wednesday, March 14, and continue through Sunday, March 18, at Victory Pentecost Church, Cayuga avenue and Rock Road.

Guest speaker will be the Rev. Jimmy Dunn from St. Louis and special gospel music will be performed by the Freedom Gospel Singers of Granite City.

The special services will also mark the one year term of the Rev. Ed Linhart at the church.

### Soybean seminar set for Wednesday

A "Soybean Profit Seminar," postponed by snow Feb. 29, will be held Wednesday, March 14, at Augustine's Restaurant in Bellevue.

Larry Schmidt, assistant vice president of commodity marketing with Bunt, Ellis & Loewi, will discuss the bean price outlook.

New uses for soybeans and new areas for market development will be explored by Dr. David Erickson, director of soil oil programs for the American Soybean Association.

Southern Illinois University professor Dr. Donald Elkins will discuss no-till — of first crop beans and chemical industry representatives will provide an update on new products.

In addition, Columbia farmers Carlyle Mueller and Lloyd Pulcher will discuss policy issues facing soybean farmers.

The seminar, which runs from 9 a.m. to 3:30 p.m., is sponsored by the Land of Lincoln Soybean Association, District 15. A \$3 registration fee includes a buffet lunch.

Advance registration is appreciated but not required. Interested persons may contact the St. Clair or Monroe County Farm Bureau offices.

### ARRESTED ON JOHNSON RD.

John Arnett, 22, of 1725 Edwards Road, Madison, was arrested and charged with illegal transportation of alcohol at Johnson Road and Carlson Avenue at 2:25 a.m. Saturday, after officers allegedly found an open can of beer on the driver's side of the vehicle.

David Filler, 45, of 5100 block of Buena Drive, a passenger in the car, also was charged with illegal possession of liquor when it was discovered there was an open can of beer behind the passenger seat. Both were released on posting their drivers' licenses.

## Simon aide is found safe

By SUSAN SIGNAIGO-WEICH of the Press-Record

The Paul Simon campaign field organizer who had been missing nearly a week, was found alive and unharmed late last week, near Burlington, Iowa. Carpenter, 25, had not shown up for work at his Granite City office since March 6.

According to Kate Peyton, field director for the Simon campaign, Carpenter left town because of the job-related pressures he had experienced in his two months in Granite City. "Right now, he's feeling wiped out, depressed and very embarrassed with all the resources," he went home with his parents and he's not sure if he's going to continue to work for the campaign at this point.

MISS PEYTON said that Carpenter told her he had "driven

around" during the early part of the week and had finally wound up in Burlington on Wednesday.

A report from police officials said that Carpenter had put 2,000 miles on his car in the six days that he was gone. Carpenter had not revealed to police where he had driven.

Carpenter was picked up at 11:45 p.m. Thursday by Iowa State Police shortly after he had been attempted to get cash at the First National Bank of Burlington.

A STOP ORDER had been placed on Carpenter's credit cards earlier that day and a routine check by bank officials alerted them to the fact that Carpenter had been reported missing.

State and federal officials had been searching for Carpenter since Monday night, when campaign

workers became worried about Carpenter's safety.

Joe Oniz, a press aide in charge of FBI operations in Central and Southern Illinois, said that his agency is satisfied that no violations of federal laws have been committed.

WORKERS HAD referred to Carpenter as "responsible and conscientious," saying that it was not like him to just take off somewhere without telling anyone.

Carpenter, originally from Alpinia, Mich., had worked for a community action group in Chicago, before joining the Simon for U.S. senator campaign staff.

He had been living in the Fairview Heights home of Attorney Dennis W. Shevlin since mid-February. Carpenter left his belongings at the Shevlin residence during his absence.

unrealistic application of the merger guidelines that fails to take into account the competitive realities of today's world steel market.

"It is unfortunate that this obstacle has been placed in the way of a badly needed restructuring of the domestic steel industry by the private sector," the National Steel-U.S. Steel merger would also have been beneficial in enabling domestic producers to meet foreign competition in the world market, which would have been a combination wholly consistent with U.S. anti-trust laws," Love added.

HE EXPLAINED the reasons for wanting to merge National and U.S. Steel. "We agreed to accept U.S. Steel's offer to buy our steel company several years ago. First, it was good for our stockholders in that we were offered a price near book value. Second, we believed that the resulting operational efficiencies and facility rationalization would, in the long run, be good for the future of our steel business and its employees.

Third, we believed that the combined steel companies could better compete in international trade.

adverse publicity concerning the "Wave-See" pool, the public's reaction. This time around, the board will approach the public with no specific proposals. Sykes asked commissioners to approach the hearings with "open ears."

"If everyone on this board can stand the heat, I'd like to go out and let them (the public) have at it," Commissioner Jack Hood commented about conducting the public meetings, in light of the district's past critics.

IF RESIDENTS appear willing to back a bond issue for a new pool, commissioners estimated the cost would be roughly between \$750,000 and \$1 million. The cost to the individual taxpayer with a \$60,000 house might be about \$10 a year for 20 years.

R.W. MacBennett, an independent engineering consultant hired by the board to survey the pool's condition,

said he would recommend the pool be replaced, rather than extensively repaired, if the decision was to be made strictly from an engineering point of view.

The minimal pool repairs commissioners approved Wednesday will provide for the temporary caulking of the pool bottom joints in a manner that is not expected to wear longer than a year. The method selected will cost about \$5,500, which is considerably less expensive than the approximately \$100,000 price tag that would accompany the pouring of a new pool bottom.

THE BOARD decided against cosmetic and surface repairs to the pool walls and sandblasting and extensive cleaning repairs for the pool gutters and drains. The pool deck will receive the repairs considered necessary only as a safety concern.

and open the store at 6 each morning. Before he retired, he had set his business day's start back to 8:15 a.m.

WHEN ASKED if any one special moment stands out among all the others of his occupation as a grocer, he answered, "They all stood out... it was all the same old routine."

Baucum switched locations three times over the years as his service to customers grew. The small store he opened in 1927, at 818 Jefferson St., Madison, was moved to 904 Jackson St. He settled into his final location at 1001 Logan St. in 1962.

While he was increasing his business, he also was expanding his community standing. He became active in the Boy Scouts organization and became a member of the Jericho Masonic Lodge and American Legion Post 799. In 1948, he began a 12-year term on the Madison Playground and Recreation Board. He served on the

Madison School Board for 12 years as well.

IN 1973, after he had served a term as a Venice alderman, he told voters he wanted to be elected city treasurer to give his city "a progressive and ideal place in which to live." And he won.

Three years later, he entered the mayor's race "to keep good relationships between the white and black residents," according to his campaign stand. He withdrew from the race in 1976, the result of family pressures and his disappointment with voter support. He had told a Press-Record reporter, "I simply want to retire and enjoy life a little."

Baucum was awarded a plaque for his outstanding service to the community by the Tri-Cities Chamber of Commerce in 1980. He is presently a member of the Madison-Venice Rotary and the Bethel A.M. Church.

He plans to remain active in his retirement by managing apartment units he owns. He is married to Miriam C. Baucum.

years but its time for things to change," he said. "The policemen need a pay raise and they need new uniforms and police cars. It's time for us to start fighting back."

Marsala said that Sonneborn felt "confident" that the police officers would be able to discourage the establishment of a gun system.

HE SAID that the police had learned from another member of the BPBA that there is Illinois House legislation currently being sought to

ban quota systems for police departments.

"I want everything to get back to normal," said Marsala. "I just want to do my job and feel that I am being treated fairly."

Marsala said that the policemen's attorney has warned him that any of the officers involved could be fired because of the action they've taken. "He (Sonneborn) told us that one of us could be fired to set an example for the rest of the officers," he said.

"But all of us are committed to getting this thing settled the right way."

"MOST OF THE officers are ready to quit the department if things don't change soon," he said. "The amount of risk we take for the amount of pay we get is really not worth it. I figure that if I get fired because things are not going to change, I'm not really losing all that much anyway."

Mayor Sasyk was telephoned to comment on Marsala's accusations, but could not be reached for comment.

## Echols stresses new center is for all Venice residents

By VALERIE EVENEDEN  
of the Press-Record

Some strongly worded comments concerning the Venice Senior Citizen Center were voiced by Mayor Tyrone Echols at last week's meeting of the Venice City Council.

What prompted the statement wasn't clearly defined, except Mayor Echols said some rumblings were beginning to come his way and that he wanted set the record

straight. "There seems to be some people thinking on a segregated basis and, mind you, that's before the building is even open," he said.

"I WANT to say to anyone thinking that way, there is federal government money in that building. If they keep it up, they (feds) can put a padlock on the front door."

"There isn't a white table at that building and there isn't a black side. There is only one building."

"That folding partition down the

center of the building was not put there to have black (people) on one side and white (people) on the other."

"IT WAS PUT in there in case more than one group was using the building at the same time...so the senior citizens could be on one side and say, the Girl Scouts on the other side, without disturbing each other."

"I hope we can have a little unity in this by the time the building is completed," he emphasized.

The new Venice Senior Commu-

ty Center, under construction at Klein and Brown streets, is scheduled to be completed by April 30.

THE VENICE aldermen approved its construction Dec. 14 after a public hearing on the proposition attracted nearly 80 residents who debated the issue of using community development funds in a lively two-hour session.

The upshot was an agreement to combine \$73,000 in community development money with \$109,000

previously earmarked for the building's construction.

Throughout the planning stages, Mayor Echols stated repeatedly that overall cost for the new building should remain below the \$200,000 mark.

THE NEED to keep expense at a minimum was the basis for revisions in the center's original plans, including relocating the building on the site with the entrance door now facing southwest toward the corner of Klein and Brown, instead of facing directly west fronting Klein Street. A shorter, protective weather canopy was used, also cutting the cost.

At the present time, two large

groups of senior citizens utilize the Venice Park District Recreation Center for meetings.

In the past, it was learned, some senior groups have been displaced when their meetings conflicted with other scheduled park district activities.

IN OTHER action, the Silver Bells Senior Citizens were authorized bus transportation to the spring "Senior Fair," scheduled March 19 at Southern Illinois University at Edwardsville.

Council members also were invited to attend a precinct committeewomen's luncheon at the Madison Firemen's Hall at 12:30 p.m. Tuesday, March 13.

## Venice City Council hears South-Western Cable offer

By VALERIE EVENEDEN  
of the Press-Record

The Venice City Council went through another cable television presentation at its meeting last week with David K. Olson, general manager of South-Western Cable TV, Ltd., of Maryville, addressing the aldermen.

Mary Hildebrand, assistant manager, presented a video tape describing the company's operations and stated, "We would like to serve Venice and we hope you will let us know if we can answer any questions for you."

IF THE Venice aldermen were not overly enthusiastic in their reception, it is understandable. The same scene with virtually the same words has been replayed on several earlier occasions, with none of those proposing to provide cable television to the community ever emerging with an established product.

The major difference is South-Western Cable TV, an established entity in the area, already provides cable TV service to Granite City, Edwardsville, Maryville, Collinsville and other communities.

The representatives' video tape presentation showed the company's operational capabilities, head-in-tower, offices and programming.

The base rate would be \$9 per month. Bills could total \$26 monthly if a subscriber wants two movie channels. The city would be granted three percent on all revenue from installations, basic rates and premium channels, Olson said.

The rates are comparable to those charged in Caseyville, Troy and Maryville, but the \$9 basic fee is \$1 more than Granite City, Pontoon Beach, Edwardsville, Collinsville

and Glen Carbon, a fact which disturbed several aldermen, including Third Ward Alderman John Ervin.

"I thought the cable TV presentation was very nice, but what concerns me is the difference in price with the larger cities, such as Granite City and Collinsville, being \$1 cheaper than smaller cities."

"I don't see why the citizens of Venice should pay \$1 more than Collinsville, Edwardsville and Granite City residents," he said.

It was suggested by First Ward Alderman Phillip Daniels that when Granite City started its cable service some years ago, the base rate was established at \$8, but has since increased for communities joining the service at a later date.

South-Western Cable has attempted to raise the \$8 fee to \$9 in Granite City for the past year and a half. However, the franchise agreement requires city council approval for increasing the base rate, which has not been granted. Recently, a \$1 increase was added to the premium channel rate for Granite City subscribers.

Olson explained that an effort to equalize cable television rates throughout the region, plus review other mutual concerns, will be the focus of a meeting of representatives from all area communities served by South-Western Cable at 7:30 p.m. Tuesday, March 27, at the company's Maryville offices.

Ron Stephens, a Caseyville village

trustee, is spearheading the meeting, which is being organized from the grassroots level and not by the cable firm, he noted. He suggested Venice officials attend the meeting and also issued an invitation for them to tour the Maryville facilities.

Describing the time frame to hooking up cable service, Olson said the first step is to obtain approval by the city council, followed by concluding an attachment (pole) agreement with the utilities.

"After that, there should be no problems and construction could be completed within 60 days. The whole operation should be finished some time this summer."

Mayor Tyrone Echols suggested several aldermen attend the March 27 meeting in Maryville.

Venice dissolved its franchise agreement with Sun Cable Systems of the CATV Systems and Associates of Tallahassee, Fla., at the Feb. 21 council meeting.

That firm was granted the franchise last July 26. The revocation action was taken when repeated efforts to contact some of the company officials to establish the project's status proved fruitless after work on the cable installation, apparently was abandoned.

In other business, the council discussed the issuance of repair and occupancy permits to landlords prior to aldermen visiting residences to insure that specified work has been completed.

## 7 licenses revoked in DUI cases

Illinois Secretary of State Jim Edgar has announced that the driver's licenses of seven Quad-City area residents have been suspended or revoked in connection with alcohol-related driving incidents.

Licenses revoked for conviction of driving under the influence (DUI) of alcohol or drugs are those of Barry A. Reynolds, 22, of 1515 Second St., Madison (an out-of-state arrest), Johnnie E. McGaughey, 43, of 204 Terry St., Eagle Park Acres, and Dennis E. White, 28, of 2253 Lee Ave.

The driver's license of Jeffrey D. Gean, 18, of 2318 State St., also was suspended for implied consent (refusal to take a breath of blood test), Edgar's office announced.

### MAN CHARGED WITH DUI

Herman Bradley, 63, of 121 Carver St., Eagle Park Acres, was charged with driving under the influence of alcohol last week. Bradley was stopped by Illinois State Police at U.S. 40 and Illinois Route 203.

## Driver charged DUI in Pontoon

Pontoon Beach police have charged Thomas Wayne Hoover, 38, of 1012 Twenty-third St., with driving under the influence (DUI) of an intoxicating substance.

Pontoon Beach police officers, while on patrol last week, alleged Hoover was driving erratically in his auto.

The officers followed as Hoover turned off Pontoon Road and drove south on Route 111, at which time Hoover's vehicle "swerved" to prevent it from going off the roadway, officers said.

Stopped near the junction of Routes 111 and 162, Hoover was given a breathalyzer test.

He posted \$102 bond and was released.

## Gunman robs man

Robert Stevens, 2430 Madison Ave., was walking east on 17th Street last week, when a man got out of an auto, came up behind him and put a gun to his back, telling him in a husky voice not to turn around and keep walking.

The gunman forced Stevens to walk north in the alley between State Street and Grand Avenue and, at the rear of an address in the 1700 block, robbed him of his billfold, containing \$250.

After handing the robber his wallet, Stevens again was told to keep walking and not to turn around. He complied to a point, but then ran to Curt's Grill, 1623 Madison Ave., and called police.

Stevens said the robber was between 5 feet, 8 inches and 5 feet, 10 inches tall and of medium build. He wore a dark multicolored ski mask, a jean-type jacket and blue jeans.

A search of the area by officers failed to uncover the gunman.

A ski mask robber also held up the E&L Confectionery, 2503 Washington Ave., and the Parkway Confectionery, 2701 Michigan Ave. last week. In both instances, the robber wielded a large knife.

**CUSTOMER SHOWS ANGER**

Brenda O'Bear, an employee at Madison Discount Auto Parts, 504 Madison Ave., Madison, reported last week that a customer returned a auto starter, saying it didn't work, but when the part was tested, it appeared to be in good condition, she said. In a fit of anger, the man knocked over Mrs. O'Bear on the counter, which hit Mrs. O'Bear on the right wrist. He also turned over a chair before leaving the store, she said.

# Trojans whip Warriors; win sectional crown

By CHARLIE SKAER  
of the Press-Record

VANDALIA — The Madison Trojans will be marching into the Charleston Super-Sectional Tuesday with no superstar. But Madison coach Larry Graham has something five times as valuable.

It's called a team. No player ranks as a standout in all the games, but at least one stars in each game.

Friday night it was James Bennett's turn. The 6-foot, 1-inch forward pumped in a season-high 21 points to help the Trojans to a 63-38 trouncing of the Weslin Warriors in the championship game of the Vandalia

played on top throughout the rest of the game.

The Warriors, however, gave Madison a tougher game than the 25-point victory margin indicates. With 3:35 remaining in the fourth quarter, Madison was up by just 10 points, 47-37. Seconds later, Weslin center Jeff Demond fouled Madison's Victor Valentine. The foul — the fifth for the 6-foot-3 center who was leading the team with 16 points — proved fatal for Weslin's chance at a comeback.

Realizing the imminent defeat, Weslin coach Paul Lusk soon removed his starters.

**"We need a team to make up play hard. If we play a poor team, we tend to play poorly. If we play a tough team, we usually play tough. When we're in trouble, we play harder."**

"You played better, you played better," said a calm Graham to his attentive team after their 25th consecutive victory. As the coach turned his back after his pep talk and walked away, he whirled around for a postscript.

"Wait a minute," he said, his voice indicating he apparently had forgotten the most important item. With an outstretched arm, the coach headed for Bennett.

"JIMMY!" said Graham in a jovial voice as he shook the player's hand. The locker room immediately filled with the sounds of congratulations from Bennett's teammates. Bennett just smiled and nervously adjusted the basketball net hanging around

"There's no tricks or secrets to beating Madison — they're unbeatable," said Lusk, whose team finished 21-8. "But you've got to have talent to match up to Madison and we didn't."

"We played well for three and a half quarters. Then the big kid fouled out. I was realistic about our chances of winning and put in the substitutes."

"Teamwise, Madison just has more depth than our guys. They've got the jumping ability and they're so much quicker. Let's face it, talent wins a lot of ball games."

As the playoffs progress, the talent becomes more evident. Fortunately for Madison, the Trojans seem to perform at their best when

## Super-Sectional tickets on sale Monday and Tuesday

Tickets for Tuesday's Class A Super Sectional basketball game in Charleston are on sale Monday, March 12, from 8 a.m. until 4 p.m. and on Tuesday, March 13, from 8 to 10 a.m. at the Madison High School office, Principal Dan Kostencki announced Friday.

Kostencki said his office has approximately 2,400 tickets for sale at \$3 each. He advises that persons purchase tickets locally to guarantee seating before arriving in Charleston.

### his neck.

Outside the locker room, Graham spoke of how this year's team is unlike others he's coached.

"They're a different type of kids," he said. "There's so many different personalities on the team. Some are tough, but it's great trying to mold them together."

Teamwork proved invaluable Friday evening. While the Warriors scored a sagging zone defense to stop higher scorers Reggie Banks from shooting, Bennett heard his team's call for help and came to the rescue.

"They were double- and triple-teaming Reggie inside, so it just left me open," said Bennett simply. "I just had more opportunities to score."

THE JUNIOR scored 11 of the team's 19 points in the first quarter, including eight straight points in the middle of the quarter that helped convert the Warriors from a 7-4 deficit to a 12-11 lead. The Trojans

### they're facing the best.

"We need a team to make up play hard," explained Bennett. "If we play a poor team, we tend to play poorly. If we play a tough team, we usually play tough. When we're in trouble, we play harder."

The erratic type of performance has made Graham shake his head in disgust during many games. On Thursday, the Trojans' coach came up with only a nine-point victory against a lackluster 13-13 Vandalia team.

But when the Trojans are performing at their best, Graham watches each player contribute to the teamwork. Friday night, for example, Bennett and Banks blocked numerous shots to intimidate the Warriors on inside shots.

"THEY CALL me 'Sweeper,'" said Bennett after the game while casually waiting for the bus with a few teammates. "I love blocking shots."

"I'm Majic," said DeLloyd

Williams. "Did you see that pass down there?" Williams made a behind-the-back pass near the end of the game that met with much approval from the Madison fans.

Banks, meanwhile, is simply known as "R. Banks" although Bennett said Banks is also known as the "World" because "he can slam it any way" around the rim. Banks just sheepishly smiled and said, "Ah, c'mon. Don't be saying things like that."

Bennett quickly shifted from a joking tone to a serious one.

"I just want to say one final thing," he said. "People are getting down on Victor (Valentine) and they shouldn't be."

Valentine, who scored just three points on Tuesday but came back with 11 on Friday, was being sincerely promoted by Bennett.

"He may not be scoring as much, but he's not in a slump," said Bennett. "His defense is great and his speed is still there. Doesn't that count?"

His question needed no answer. Everyone's performance counts on a team with no superstars.

Graham will need the best from all five players on the court to get past Flora on Tuesday. The game begins at 7:30 p.m.

## Warriors meet Oilers in first round

By PAULA WISE  
of the Press-Record

GRANITE CITY — The Granite City Warrior girls' basketball team will put their 7-12 record behind them this week as they begin their first game of post-season play.

The Warriors will be hosting the regional tournament which begins tonight. Seeded second behind Edwardsville, the Warriors will meet third seeded Wood River, 7-14, in the first round. The match is scheduled for 6:30 p.m.

The second match of the evening, scheduled to begin at 8 p.m., will have first seeded Edwardsville matched up against fourth seeded Roxana.

THE WARRIORS, who came from behind to defeat Wood River 58-50 earlier in the season, hope to repeat that victory Monday night. To beat the Oilers, the Warriors will have to stop Paula Hodge, who has been one of Wood River's leading scorers on the season, scored 21 points against the Warriors during their last meeting.

Warrior Coach Gordon Galbreath is confident his team can stop Hodge as well as win if they play well.

"If we play good ball we could win the whole thing," said Galbreath. "But if two or three girls have a bad night we could lose out to Wood River in the first round. If we win that one we can give Edwardsville a good game."

THE TIGERS, who should get through their first-round game with

Roxana fairly easily, defeated the Warriors by just two points in their meeting last week.

Edwardsville Coach Sharon Petty feels the Warriors should be her team's stiffest competition in the tournament.

"Granite should be our toughest competition," said Petty. "They should take Wood River and we should beat Roxana, but nothing's 100 percent. Right now I'm not looking past the first one."

Coach Petty feels the Tigers' top seed is a definite plus for her young team. Not only does it match them against winless Roxana, but it is also great for morale.

"We've been having a problem with confidence. Other than the two seniors we are a young inexperienced team," said Petty. "I think the number one seed tells the girls someone on the outside thinks they're good. They need someone to say they we think you can do it."

THE TIGERS are led by Cindy Cox and Elaine Onley. Coach Petty feels for her team to win they must also look to another player, former Granite City North standout Paula Rozycski. Rozycski, who has recently been moved to point, may be the key to the Tiger offense.

The Warriors are similar to the Tigers when it comes to offense. Like the Tigers, the Warriors rely on two players for the bulk of their scoring.

Granite City's Lisa Lilley and Debbie Brandt had both averaged

in double figures. Lilley is averaging 19 points per game, and Brandt, the Warrior's center also averages in double figures with 12.

Both Lilley's and Brandt's talents were recognized recently when both were named to the Collinsville Invitational All-Tourney Team.

FOR THE Warriors to win they must also look to another key player, Nancy McClew. McClew, who has come on strong at the end of the season, must score for the Warriors to do well.

"Nancy has such a nice shot I wouldn't care if she shot all night," said Coach Galbreath after the Warrior's final game of the season. "If she didn't get so tight she could hit those shots all night long."

Despite the Warriors' two losses last week Galbreath feels his team is playing their best basketball of the season.

"The girls are learning what they can and can't do, although some are still a little timid," said Galbreath. "I think they are improving. The last two games we've played a lot better against teams that beat us badly the first time we played them."

"If everything goes right we could beat Wood River and Edwardsville," Galbreath added.

If the Warriors defeat Wood River in the first round they will meet the winner of the Edwardsville-Roxana match in a 7 p.m. contest on Thursday. Tickets for the event will be \$2.50. Doors will open one hour before the games are scheduled to begin.

## Kahoks Win Class AA Regional

## Hunter shines in C'ville victory

By JIM SCHLUETER  
of the Press-Record

COLLINSVILLE — Sensing that the post-season tournament may vindicate a difficult regular season, an emotion-charged Kahok basketball team overwhelmed rival Edwardsville 70-48 Friday in the Vandalia Regional final at Fletcher Gym.

Collinsville will now advance to the East-St. Louis Sectional, where it will meet the host Flyers at 7:30 p.m. Wednesday.

With senior Mike Hunter pouring in 30 points in his final game at Fletcher Gym, the Kahoks ridded the Tiger defense from the inside and outside, and the Warriors' defense kept Edwardsville from establishing its offense.

According to Kahok Coach Gene Catalpa, it was the first time Collinsville was able to put together four quarters of good basketball. And it couldn't have come at a better time.

"That's what we've been striving for, to be more consistent," Catalpa said. "We didn't have one bad spell in the whole 32 minutes. We played good the whole ballgame for a change."

The only time Edwardsville got close to the Kahoks after Collinsville took a 20-14 first-quarter lead was in the second quarter when the Tigers played a difficult regular season, an emotion-charged Kahok basketball team overwhelmed rival Edwardsville 70-48 Friday in the Vandalia Regional final at Fletcher Gym.

"They are so much more powerful inside than us; Hunter just tears us up," Vallino said. "But if we put another man on him, it leaves somebody else open. They're well-balanced, and they don't crack under pressure."

Catalpa didn't think the Tigers played that poorly, but they didn't stand much of a chance against the Kahoks, who hit 53.7 percent of their shots from the floor (29 of 54) and 70 percent of their free throws (12-17). Catalpa gave special credit to his three senior starters, Hunter, Welle, who scored 12 of his 16 points in the first half, and John Stringer, who scored eight points and grabbed eight rebounds.

"I told them before the game to go out and play well," Catalpa said. "People usually remember the last thing you do."

## Cole: Trojanette cagers are peaking

By PAULA WISE  
of the Press-Record

ALTON — The final goal for the Madison Trojanettes girls' basketball team is to win the Class A girls' state basketball tournament.

To attain that goal, the Trojanettes must win five more games before they reach the state tournament in Champaign.

This week Madison will begin its climb to the top along with 382 other Class A schools in 64 regional sets up throughout the state.

The Trojanettes are the top seeded team in the Alton Marquette Regional. Other teams included in the regional are East-St. Louis Assumption, Piassa (Southwestern), Alton Marquette, Dupu and Edwardsville Metro East Lutheran.

MADISON's first game is scheduled for Wednesday at 6:30 p.m. The Trojanettes will face the winner of Monday night's Piassa-Marquette

game.

If the Trojanettes should win their first-round game they will advance to the finals Thursday night, which will begin at 7:30 p.m.

Madison Coach Carol Cole sees the Trojanettes number one seed as a definite advantage. Not only does it give her team a first-round bye but it forces two of the other top teams, Assumption and Dupu, to face each other before they reach the Trojanettes.

"Assumption is higher than a kite right now after beating us, I don't know if Dupu can beat them," said Cole. "I would rather play Assumption because my girls have already said they won't beat us again."

COACH COLE feels her team is definitely in top form going into the regional.

"I really like what I'm seeing. The girls are really working hard and taking this very seriously," said Cole.

The Trojanettes, who at the begin-

ning of the season looked mainly to their starters for their scoring punch now, have become a well-rounded team. Players have come off the bench to take over starting positions as well as play a key role in the Trojanettes' 18-2 record.

"All the girls are playing well. I'm pleasantly surprised. Girls are coming off the bench and doing things I have tried to get them to do all season long," Cole added.

"Abigail Heard came in and scored eight of our 10 points in the first quarter against Marquette and Robyn Harris has taken over as a starting guard," Cole added.

IF THE Trojanettes manage to win their regional they will advance to the Litchfield Sectional on March 19 and 21. From Litchfield, Madison or the winner of the sectional, will advance to the Carlinville Super Sectional.

If the Trojanettes can come through with a super sectional win on March 25, they will realize their dream of making it to the state tournament.

## MHC boxers lose two in semifinal matchups

**"I don't know** what happened, my legs went, I don't know why. I almost had him. I never thought he would be that tough. Normally when I hit a guy, he goes down. I think the title kept him up."

of the Press-Record

ST. LOUIS COUNTY — The Mexican Honorary Commission Boxing team is having one of its best seasons ever. MHC coaches and club members were hoping to carry the momentum into last weekend's St. Louis Regional Golden Gloves Tournament, the second and semifinal weekend of competition at the North County Recreation Complex.

But a season of successes turned into a woe-some weekend of losses for the local club as both of MHC's participants were unable to maintain that momentum, losing semifinal-round bouts Friday and Saturday.

Steve Gancheff, MHC's 119-pound novice boxer, lost a three-round split decision Friday night to Laron Thomas of the West End (St. Louis) Boxing Club and Danny Mendoza, MHC's 165-pound open division boxer, surprisingly lost a pairing with Kevin Bozada of the South Side (Warrior) Boxing Club on Saturday.

**GANCHEFF**, appearing in his third Golden Gloves tournament, battled Thomas nearly even for their three two-minute rounds. Mercie Mendoza, MHC coach, speculated that Gancheff and Thomas each split the final rounds, but Thomas' showing in the first round decided the match.

"Steve's always been a slow starter," Mercie Mendoza said. "He needs the first round to get him warmed up, get him going. If he'd had another 30 seconds in the third round I think he may have pulled out a win. Steve had him going. Steve staggered him in the third round."

"Steve's a boxer who wants desperately to win each and every match," Mercie Mendoza said. "He wins through experience. With Steve, it boils down to three elements — desire, discipline and determination. He's not the most gifted boxer but he uses his talents to capacity."

**THOMAS**, who defeated Gancheff in that semifinal-round bout Friday, went on to gain a surprising decision over Derrick Walker of the Mathew Dickey Boys' Club on Saturday. Thomas' victory was surprising because it was Walker, who was clearly more aggressive in the final two rounds of the fight.

Thomas, who could barely raise his arms by the end of the bout, did a flip in adulation upon hearing he'd been awarded the first place trophy.

Thomas' victory was surprising, but not nearly as surprising as the Mendoza match so surprising was the manner in which Bozada defeated Mendoza and the brevity of the pairing.

**OFFICIALLY**, it was 2:15 in the first round when Danny Mendoza went down for the second time and referee James Reddick stopped the fight.

"Yes, both knockdowns were clear shots to the head," Reddick began. "The first one was a strong right hand. The second one, which sent Danny to the canvas on all fours, was another shot to the head."

"I've been refereeing a long time. When a kid goes

down like he did, on all fours, he's grabbing for the canvas. He's dazed. I don't want to see Danny get hurt."

When asked why he stopped the fight when Danny Mendoza insisted he was alright, Reddick offered this response:

**"IF YOU'VE** seen Danny fight you know how strong he is. Sure, he's gonna get up and say he's alright. You could hit Danny with a sledge hammer and he'd get up and say he's alright. That's why they call him El Torito."

"I'll be honest. I like many people, had Danny picked to win this fight. But I, nor anybody else, want to see him take a beating to do so. There's been too many kids hurt, seriously hurt."

Reddick's decision to stop the fight and the manner in which he did, angered MHC coaches. Mercie Mendoza challenged Reddick's decision to end the fight before he issued Danny Mendoza a second standing eight count.

"Three standing eight counts in a round and the fight is over," Mercie Mendoza began. "He didn't even give Danny the courtesy of a second eight count. Danny gets up and he calls the RSC (referee stops contest)."

**"HE SAID** he knows Danny. Then he should know when Danny's hurt," Mercie Mendoza said. "I even had Danny ahead at the time. This is a big disappointment. He's worked too hard to get something like this."

Meanwhile, Danny Mendoza sat on the bench in the locker room, reflecting on the fight. A former Golden Gloves champion, Mendoza offers his explanation of the fight.

"The first one was a good right hand," Mendoza said of the first knockdown. "I got dropped. He stunned me. I was hurt. But when he put me down the second time I wasn't hurt. He dropped me with two good shots, but my faculties were clear," Danny Mendoza said.

"I'm opinion, I guess it's the recent deaths in the ring which prompted him to end the fight when he did."

**"I'M JUST** disappointed. Man, did I want this one bad," he said rubbing his taped hands together. "I worked hard for this one. I had plans for the Golden Gloves finals, and turning pro but this really alters my plans."

"This is hard to accept. If he had just let me go on I feel like I could have come back, gotten stronger."

"What's really embarrassing is this is recorded as a first-round knockout. Those people watching the fight here tonight will know it wasn't really that but that on my record will still hurt," Mendoza said.

Bozada and his coach, Ray Kube, offered their explanation of the fight. "Danny's got so much fight in him he'll keep getting up, no matter how many times he goes down," Kube said.

At that point Bozada jumped in.

"This was a big fight because of our names," Bozada began. "We're both pretty well known. I'll be honest with you. I was a little weary going in there tonight, but we worked on my right hand — going over the top to Danny's head," Bozada said.

"It worked. When I landed the first one on his temple the weariness was gone. I went after him then and eventually got him again with my right hand, an upper cut."

Bozada's victory sends him to the finals to meet Arthur Jimmerson, the top rated 165 pounder in the country. The Golden Glove's finals are slated for March 24 at Kiel Auditorium.

Mendoza, Gancheff and Chip Hagnauer, another MHC boxer, may enter the Springfield Golden Gloves next month.

**I'M OKAY.** That's what MHC 165-pound boxer Danny Mendoza was telling referee James Reddick following a second knockdown of the first round in Golden Gloves action in North St. Louis County Saturday. Reddick, however, didn't listen to Mendoza's plea and stopped the bout 2:15 into the round. The victory gave Mendoza's opponent, Kevin Bozada, the opportunity to vie for the Golden Gloves championship March 24 at Kiel Auditorium.

## Celebration is Wednesday for NCAA II Cougar wrestling team

EDWARDSVILLE, March — The wrestling Cougars of Southern Illinois University at Edwardsville may have clinched their first NCAA Division II national championship more than two weeks ago (Feb. 25), but the celebration continues.

Lyle Ward, assistant director of the University Center, has announced that Wednesday, March 15, the Cougars will be the guests of honor at a reception in the Goshen Lounge. The reception, which is scheduled to begin at 11:45 a.m., will feature a formal introduction of the wrestling team as well as NCAA II Coach of the Year Larry Kristoff, by James R. Buck, SIUE's director of development and public affairs.

The Cougars are also expected to officially present their national championship trophy to the University during the activities.

The Cougars won the national crown in Baltimore, Md., on the strength of four national champions, two runners-up, a bronze medal winner and a fourth-place finisher.

Tim Wright, a former state champion from Rock Island, became the first freshman in SIUE history to claim a national wrestling championship as he won the 118-pound

class. Don Stevens, a senior from Tinley Park, also made SIUE history in Baltimore as he became the first Cougar ever to win back-to-back national titles in the 126-pound class. Booker Benford, a junior from Providence, R.I., marked his way

through the 177-pound class, while Ernie Badger, a sophomore from Mt. Vernon, won the 190-pound class. Maurice Brown, a junior from Morganfield, Ky., and Mark Kristoff, a sophomore from Bethalto, also reached the finals in the 142-pound and 150-pound weight classes, respectively.

Alan Grammer, a sophomore from Evansville, Ind., made his first national tournament appearance by finishing third, while Al Sears, a heavyweight from Wheaton, claimed his third consecutive All-American certificate by finishing fourth.

## St. Pat's Day Run is slated

A field of more than 4,500 runners, which would establish a new St. Louis record for participants in a running event, are expected to compete in the sixth annual St. Patrick's Day Parade Run through the streets of downtown St. Louis on March 17.

Referred to as "The Great International Race," the five-mile fun run is scheduled to begin at 9 a.m. at Ninth and Market Streets. The finish line for the run will be in front of the Old Courthouse.

Serious runners will participate in the competitive category, which will have 10 categories for men and women. The competition categories are: 13 and under; 14 to 18; 20 to 24; 25 to 29; 30 to 34; 35 to 39; 40 to 44; 45 to 49; 50 to 59; and 60 and over.

The entry fee for the Budweiser St. Patrick's Day Parade Run is \$4 if the entry is received prior to March 10, 1984. Entries mailed prior to March 10 should be addressed to St. Patrick's Day Parade Committee, c/o C.R. Frank Popcorn and Supply Company, 2311 Chestnut Street, St. Louis, MO 63103.

The late entry fee is \$7. Late entries must be made in person at the C.R. Frank Popcorn and Supply Company between 10 a.m. and 4 p.m. on March 10, 12, 13, 14, 15 and 16.

For additional information on the St. Patrick's Day Parade Run, persons should call 314-251-2596 between noon and 4 p.m. through March 16.

**Vacancies on indoor soccer leagues**

The Granite City Park District still has openings for teams wishing to participate in its indoor soccer season beginning in March, according to John Lakin, recreation supervisor.

Lakin said Tuesday that team vacancies exist in men's, women's, children's and co-ed leagues. Team fees, which include a 10-game schedule, are \$125 for children's teams and \$150 for adult teams. Leagues begin on March 19.

Team managers seeking further information on the Wilson Park indoor soccer league should call Lakin at the park office during business hours at 877-3059.

**Softball rules clinic**

A softball umpire's clinic to explain new rules will be held Saturday, March 17, at the Roxana Recreation Arena.

Managers, players and umpires are invited to the free clinic, which will begin at 9 a.m. and end at 4 p.m. The clinic is sponsored by the Three Rivers Umpire Association.

Rules for both slow pitch and fast pitch will be explained. In addition, a pitcher will be present to demonstrate the legal and illegal aspects of pitching.

Individuals wanting further information may contact Tom Fay of the umpires association at 466-4617. Fay said he expects approximately 120 people to participate in the clinic.

## Guelker soccer camp registration

Bob Guelker, soccer coach of Southern Illinois University at Edwardsville, has announced that registration is now open for his annual Junior Olympic Soccer Camp for boys and girls.

Two sessions are planned, and the first will be held at Parks College in Cahokia, June 17-22, and the second session will be held at the Missouri Baptist College July 15-20. The camps are open to boys 8 through 17 years of age, and girls 13 through 18 years of age.

Registration fee for the overnight camp is \$160 which includes meals, lodging, air-conditioned dormitories, instruction of fundamentals, and coaching of team tactics, insurance, and awarding of trophies.

Complete information may be obtained by writing to Guelker, Junior Olympic Soccer Camp, P.O. Box 9363, St. Louis, Missouri 63117.

## Venice Rec. seeks softball participants

Venice Park District Superintendent Robert Wigfall has announced that the district is seeking men and women who are interested in participating in its summer softball leagues.

According to Wigfall, the leagues are not restricted to Venice residents alone. All Quad-Cities wishing to participate in the summer league are welcome, Wigfall said.

The slow-pitch league which will play at Lee Park, will begin in May. Persons interested in participating should contact Wigfall at the Venice Recreation Department at 877-3152 or 878-6599 at home.

## Billiken soccer banquet

St. Louis University's Annual Billiken Soccer Banquet will be held Thursday, March 22, in the St. Louis Room of Busch Memorial Center at 877-3152 or 878-6599 at home.

The 7:30 dinner, to be preceded by a 6:30 p.m. cocktail hour, will feature Joe Clarke and his 1983 Soccer Billikens, who advanced to the quarterfinal round of the NCAA tournament, and Coach Dave

Clements of the St. Louis Steamers. Tickets are \$12.50 per person.

Soccer fans and Billiken supporters interested in attending this year's banquet can purchase dinner tickets by mailing checks to: Billiken Soccer Banquet, West Pine Gym, 3672 West Pine, St. Louis, MO 63108 or by calling 658-3177.

## MAC slates baseball signup

The Mitchell Athletic Club will register boys and girls this Monday and Tuesday, March 12 and 13, wishing to play in its summer baseball league.

According to MAC spokesman Myron Merz, all youths in the Quad-Cities area ages six to 15 may register from 6 to 8 p.m. at the Mitchell Elementary School. To be eligible to play, youths must be seven years old by Dec. 31, 1984.

The registration fee is \$15 and an additional \$10 for each family member after the first.

The organization is also looking for umpires for this summer's league. Persons wishing further information about registration or umpiring should call Merz at 931-1218.

## McBride soccer camp

The Pat McBride Soccer Camp has begun accepting applications for its 14th season of operation. This summer, the camp will offer four one-week sessions for boys ages 7-17 at Lindenwood College in St. Charles, Mo.

Sessions are scheduled June 10-14, June 17-21, June 24-28 and July 8-12. A one-week session costs \$100 for commuters and \$165 for dormitory residents.

Pat McBride, head coach of the Kansas City Comets of the Major Indoor Soccer League and last season's MISL Coach of the Year, heads a camp staff which includes Kevin Kelly, head coach at Meramec Community College in St. Louis, and Bob Brunette, coach of two-time U.S. Amateur Cup champion U.S. of St. Louis. College players will serve as counselors.

Lindenwood's facilities include a lighted artificial turf stadium, grass fields, a swimming pool, cafeteria and air-conditioned dormitories.

Information on the camp may be obtained by writing Pat McBride, Soccer Camp, 721 Davenport, St. Louis, MO 63123 or by calling (314) 631-7114.

## Mom Johnson: One of the best

By AL BARNES

For the Press-Record

Sometimes the macho male athletic guys forget that without the support of their mothers, girlfriends, wives and sisters, etc., their careers in sports would completely fall on their collective faces.

First, there is no knowing how many millions of miles mothers annually contribute to the careers of their young sons in Little League athletic events and games. In most cases, that involvement of the young mothers (along with their husbands) in their sons (and daughters now) means great sacrifices of their time, plus a huge drain on their mental and emotional lives.

The old time Brooklyn Dodger fans were pliers compared to the mothers in their spirited support of their sons. Anyone at all who has even casually noticed the mothers' role in Little League, etc., competition knows full well that there isn't anyone more wrapped up in the games' outcome than the kids' mothers.

They are prepared to do battle for their young ones.

Last Sunday, up at Lincoln, Ill., I took part in the annual planning meeting for next Labor Day's Sons and Daughters yearly reunion at the Illinois Odd Fellows home alumni.

Present there was Bob Johnson, one of two sons (the other, James Johnson), of Mr. and Mrs. Roy Johnson, the superintendent and matron of the orphanage home from early 1925 through the World War II years. Mr. Johnson was a great sports fan, with an emphasis on Chicago Cub baseball. He supported the Home's boys' baseball team 1,000 percent and was our own Miller Huggins and managed our team play with the skill of a Connie Mack.

His dear wife, Mrs. Johnson, in her usual subtle way, was even more supportive. If I had a bad day at bat, which was more frequent than I care to admit, I could count on her to take me aside and comfort me and quickly restore my morale.

Looking back on those years, I realize now that Mom Johnson played an equal role with her husband in the operation of the Home. In addition, too, to her consoling me after a loss as well as praising me (and my teammates) for a triumph, Mom Johnson helped us in many

## Graham gets second in a draw

MONMOUTH—Doug Graham, a freshman from Monmouth College, recently completed in the NCAA Division III National Wrestling Championships in Binghamton, N.Y.

The 6-3, 240 pound heavyweight from Granite City, dropped his first match of the tournament 5-4. The match ended in a draw, but Graham's opponent was awarded the victory due to superior riding time.

"Doug has been our most outstanding wrestler all season," said Scot coach Rich Kucharski. "He got a tough break in his match at Nationals, but he is a very dedicated young man. And I'm sure we'll see him there again next year."

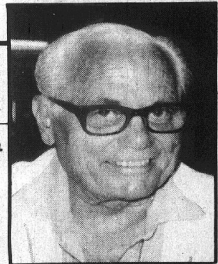

Graham earned the right to compete at the championships by winning the Midwest Conference Wrestling Tournament held Feb. 17-18 at the University of Chicago. He completes the season with an outstanding 11-2 record.

The son of Carole Graham is a 1982 graduate of Granite City South High School.

other ways. And, now nearly 64 years later, I'm going to break a pledge I made to her of never revealing what she frequently did for me and my buddies. Of course, the youngsters of today who rarely have to worry about finding a baseball with which to play the game, can't imagine what a brand new baseball meant to us back there in the late 1920s.

Mr. Johnson bought the baseballs by the gross and kept them in the office's safe almost like the gold at Fort Knox. With great ceremony, he'd hand us a new, pristine white ball (I can't remember if they were a Reach or a Spalding) for an important game with the town team. We kids were expected to take care of the balls as if they were diamonds. The balls went through this routine—played with until the stitching gave away. And, then we'd sew them again with waxed linen string. Finally, after the cover had completely worn out, we'd apply black electrical tape around the ball. The tape was a blessing to us guys who specialized in the old round-house curve ball.

Now, the breaking of my pledge to Mom Johnson—every once in a while, she would call me to the office where, on the sly, she'd slip me a brand new baseball. She had somehow managed to purloin from the main building safe. The first time it happened, she'd said: "Alvin, here's a new ball...you are never, under any circumstances, to ever tell where you got it." I promised, of course, and was 'caught' only once by Mr. Johnson, who noticed that we guys were playing with a new ball and demanded to know

where and from whom we'd gotten it. All the fellows, in unison, looked at me and so Mr. Johnson zeroed in on me. I didn't squeal and it cost me a trip to the movies.

She lived to 90-plus and every Labor Day, she and I would chuckle about the baseballs and other fond memories, including her decision to allow me to skip from the seventh grade directly into high school. So, I wasn't too surprised last Sunday when Bob told me of another secret of his dear mother. It seemed that in 1928, when Al Smith slaughtered by Herbert Hoover for president, Mom Johnson, despite her life-long Republican background, deserted the GOP and voted for the Happy Warrior because, as she explained: "I wanted to protest against the bigotry of that day which wouldn't permit a Catholic to run for president."

And when JFK ran in 1960, I bet that again she crossed over and voted Democratic. Frequently, I would tease her by accusing her of doing so. Her answering smile, which could either be "yes" or "no," also seemed to me to be an affirmative one.

Next to my sweetheart and wife, Joyce, Mom Johnson was the second most important woman in my life. I loved her as did the many hundreds of orphans at the Home in Lincoln.

# 98 are retiring at GC schools

By BILL WINTER  
of the Press-Record

Twenty future retirements, including 17 effective in June 1986, were approved by the Granite City Board of Education last week.

The board had set a March 1, 1984, deadline on receiving proposals for early retirement in the 1984, 1985 and 1986 fiscal years.

COUNTING the retirements authorized this week and those approved in the past, the school system now is scheduled to have 98 retirements in the next 2 1/2 years.

A breakdown shows 28 retiring this June, 14 more in June 1985 and another 56 in June 1986.

Of the 98 retirements, 41 involve teachers, 12 are administrators, 12 cafeteria employees, 11 secretaries, 11 custodians, nine maintenance and craft workers and two school nurses.

JUNE 1984 retirees are 11 teachers, three administrators, five cafeteria workers, a secretary, five custodians, two maintenance craftsmen and a nurse.

For June 1985, the retirement list shows: seven teachers, a cafeteria worker, four secretaries, a custodian and a craftsman.

Retiring in June 1986 will be 23 teachers, nine administrators, six cafeteria workers, six secretaries, five custodians, six craftsmen and a nurse.

TEACHERS planning to retire in 1986, whose decisions were noted Tuesday night include: Mary Ellen Johnson, Granite City High School English; Vivian Haffel, Grigsby Junior High instrumental music, who described her work here as "an enjoyable experience"; Willis Shrum, Coolidge Junior High science; Mary Ann Reid, Marshall School middle intermediate ("I have enjoyed my teaching experience in the Granite City school system very much").

Also, Dick Huff, Grigsby Junior High physical education (his retirement will conclude more than 34 years of service in the district); Robert E. Moske, GCHS art; Metella B. Mason, Frohardt kindergarten; Loubelle H. Clemens, Marshall kindergarten ("I wish to express my esteem and thanks to all the people at the board office with whom I have come in contact over the years, especially Supt. B.J. Davis"); and William E. Breidenbach, Ed.D., Coolidge Junior High mathematics and science.

Dr. Breidenbach said, "These past 25 years as teacher and counselor in this school district have passed with lightning speed. It has been an honor and privilege to serve the students of our community."

ADMINISTRATORS newly listing 1986 retirement plans include Marcella Pilcher, supervisor of accounting services, and Boyd McCommis, custodial supervisor.

A school nurse, Betty Bartels of GCHS, plans to retire in 1986, it was announced Tuesday night.

Custodians scheduling retirement in 1986 include Milburn Wright of the GCHS staff and Maurice Cowan, who currently is on leave status.

CAFETERIA employees preparing for 1986 retirement include Dorothy Hochuli of Frohardt School and Joyce D. Brokman of GCHS.

Also reporting June 1986 retirement plans, a secretary, June Schneider of Parkview School, said, "I certainly have enjoyed working for the school district."

Retiring in June 1985 will be Edith C. Batson, a Frohardt cafeteria worker.

A JANUARY 1985 retirement date has been set by Dolores Eubanks, a GCHS English teacher. She commented, "Thank you for the opportunity to work in my home town. The school system and its teachers gave me a lot when I was a student here. I hope I have been able to give something worthwhile when I was counseling."

Irene Bertels, a Maryville School cafeteria employee, is to retire May 31, 1984.

In non-retirement departures, Deborah Tatum Hackney resigned effective March 1 as a high school cross-categorical special teacher ("May District Nine continue to serve the community in the in-

comparable manner it has in the past, with all students' special needs being of prime concern," she said) and Anthony J. Aleman, an honorably dismissed teacher, resigned effective March 2.

The board hired Jeanine Cooper as a teacher assistant in a behavioral disorder class.

## IP official discusses sulfur dioxide emissions

Controlling sulfur dioxide emissions in Illinois would not significantly alter the acidity of any of the lakes in the Northeast, an Illinois Power Company official told a U.S. House Subcommittee in Chicago last week.

Jane Robinson, director of the Environmental Affairs Department, testified before the U.S. House of Representatives Subcommittee on Health and the Environment regarding H.R. 3400, a legislative proposal for acid rain control.

Robinson's report cited scientific

studies which revealed the following theories.

The only valid ecological concern regarding acidity is that certain aquatic life cannot be supported in specific lakes that are quite acidic.

Due to distance factors, it is not cost-effective to control emissions in Illinois in hopes of changing the acidity of lakes in the Northeast.

This distance factor issue is moot because the plants and soils in the Adirondacks combine to cause the water that runs off and on per-

colates through them to become acid, regardless of its nature when it fell as rain or snow.

Direct mitigation, such as liming of those acidic lakes where greater recreational fishing is desired, is considerably more cost effective than controlling coal emissions in the Midwest.

Statutory damage is occurring only in highly-populated areas, not in rural areas. Hence, local, not distant, emission sources are the logical cause in this matter.

In addition to pointing out the

scientific facts of this matter, Robinson revealed that the bill would require the installation of extensive control equipment. It is estimated that the cost of constructing, operating and maintaining this equipment would be in excess of \$11 billion dollars over the life of the equipment, resulting in a 15.5 percent increase in electrical costs.

### Pack 47 Pinewood Derby winners named

Cub Pack 47 of St. Mary's Roman Catholic Church, Madison, hosted a combined Blue and Gold Banquet and Pinewood Derby on Scout Sunday in the school cafeteria attended by 44 Cub Scouts, parents, families, and guests.

Presenting the colors were Philip Brinker and Michael George along with Greg Voloski, Marc Griffin, Steven Watkins, Sean Terrell and Den Chief Eric Brinker, who participated in the Opening Ceremony entitled "Plant a Cub Scout Garden."

Cubmaster Larry Brinker welcomed all and introduced the guests: Pack Commissioner Ron Luebbon and his wife Gertrude; Troop 47 Scoutmaster Dan Poston and his wife Cathy and son Robbie; Mrs. Lucille Broadway; former cubmaster Rich Ballew and wife Paula, and daughters, Krista, Amber, and Tiffany; St. Mary's pastor, Rev. Frank Kordek and the pack's spiritual director, Rev. Melchior Toczek. Rev. Toczek led the invocation and a polka meal prepared by the parents was enjoyed by all.

After the banquet, Cubmaster Allison Terrell, presented awards to the following scouts: Philip Brinker, 2-year pin, Webelos badge, and artist and citizen pins; Marc Griffin, 2-year pin, Webelos badge, and citizen pin; Greg Terrell, Webelos badge, traveler and citizen pins; Michael George and Steven Watkins, 1-year pin and Bear badge; Wesley Jackson, Bobcat badge.

Adults receiving service pins were: Lucille Broadway, 10 years; Richard and Paula Ballew, nine years; Judy Griffin and Phyllis Watkins, one year pins, and Larry Brinker, four year pin. An appreciation

gift was presented to Den Chief Eric Brinker, from the Webelos leader, Mr. Brinker. Appreciation certificates were awarded from the cub scouts to the following: Tom and Dorothy Voloski, Ralph and Phyllis Watkins, Dick and Mary Ann George, Roger Cook and Judy Griffin, and Delores Brinker.

The Pack Charter was presented to Rev. Kordek by Cubmaster Brinker while Scoutmaster Poston presented Rev. Kordek the first place all-round trophy awarded to Boy Scout Troop 47 at the Klondike Derby held at Wilson Park.

Highlight of the evening was the Pinewood Derby. The weigh-in officials were Ron Luebbon and Rich Ballew; official starters were Eric Brinker and Robbie Poston; and the finish line judges were Dan Poston and Rev. Sarzik. While his grandparents, Mr. and Mrs. Louis Kraus, and step-sister, Marilyn Cook looked on, Marc Griffin won first place. Second place went to Steven Watkins, with congratulations from his sister, Kelly; and third place to Philip Brinker as his sisters, Sharon and Valerie, cheered. The winners received a trophy.

The cub scouts chosen to attend the District Derby are: Wesley Jackson, Marc Griffin, Michael George, Steven Watkins, Greg Voloski, Sean Terrell and Philip Brinker.

There was also a race of derby cars made by adults and non-scouters present and the winner of the adult races was Judy Griffin. Attendance prizes were awarded.

### Special honors accorded to Royal Rangers

Royal Rangers, Outpost 73, of Tri-City Park Tabernacle held its annual Royal Ranger of the Year presentation as a father and son gathering.

Highlighting the night was the candlelight ceremony in which 16 Rangers were selected to light the four red, four gold, and eight blue candles, that symbolizes the points of the star on the Royal Ranger emblem.

Each boy recited the meaning of his point as he was lighting a specific candle.

The audience, including 20 fathers, three mothers and 47 boys, were attentive as Senior Commander Jerry Meyenburg called the meeting to order and asked Pastor Jim Parks to offer the opening prayer.

During the candlelight service, Commander Meyenburg explained the format of the Royal Ranger program and stressed that the red and gold points of the emblem stood for the spiritual, mental and physical growth of the boy into manhood, and the blue points signify the Ranger code which are the rules for the boys to direct their moral lives.

The commander welcomed the guests and then turned the event over to the Outpost Chaplain John Braconotes who led in singing several songs. He then introduced all the group commanders and lieutenant commanders and called on the commander to present the Ranger of the Month award to the most eligible boy in his group.

Commander Meyenburg addressed all the leaders and complemented them on their dedication to the organization and involvement in all the programs.

He then presented advancement certificates to Straight Arrow Brian Johnson, Buckaroos Robbie Welch and Cliff Wallace, Pioneer Eric Parks, Trailblazer Ron Hillis and a senior guide award to Chris Gann.

He also presented winter camp patches to 14 boys, and eight leaders, Straight Arrow Jason Hoff-

man, Pioneers Billy Lenzi and Eric Farías, Trailblazer Chris Gann, Ron Hillis, Mike Barton, Jason Barton, Alan Lenzi, Jason Markell, Trail Rangers Daryl Meyenburg, Phillip Jordan, John Hutson, Darren Hutson, and Mark Arnold. Leaders Al Lenzi, Warren Markell, Hal Martin, Mike Martin, Ronnell Hildreth, Bill Earlan, and Paul Hoffman. The boys enjoyed competitive games at the campout and prizes were awarded to the winners.

The next presentation service was the year service stars to the boys and leaders and the highlight of the ceremony, naming the Royal Ranger of Year and awarding the trophies to those who earned the largest number of points throughout 1983.

Outstanding Rangers were,

Straight Arrows, first-Eric Cuppet, second-Chris Welch, third-Jimmie Welch. Buckaroos, first-Robbie Welch, second-Nathan Kofahl, third-Cliff Wallace. Pioneers-first-Billy Lenzi, second-Terry Gann, third-Alan Hildreth. Trailblazers, first-Alan Lenzi, second-Chris Gann, third-Daryl Meyenburg and Trailranger first place to Mark Arnold.

Commander Meyenburg announced that those earning first place in each division will be eligible to compete for the Metro South Section Royal Rangers of the year and if they should win they will advance to the Southern Division of the state competition. Winners would advance to the district competition and then the nationals.

Refreshments were served after the ceremonial and meeting.

### Scouts conduct ceremony at PTA meet

Cub Scouts in Pack 12 opened the monthly meeting of Niedringhaus School PTA with the presentation of the flag and then led the group in repeating the pledge of allegiance. The flag was then retired to Brownie Troop 432 for a burning ceremonial. Troop leaders Claudia Albaugh and Pam Mathews conducted the flag burning ceremony as each Girl Scout read a segment of the history of the flag and a tribute to Francis Scott Key.

The Star Spangled Banner was sung by the troop and the event was brought to a close with the singing of "The Pledge."

Those participating in the ceremony were, Amy Martin, Paula Heffner, Julie Hargrove, Jennifer Mathews, Shelley Duffield, Tammie Sheppard, Megan Albaugh, Crystal Brewer and Margaret Presley.

A new flag for the school was donated by Mr. and Mrs. Paul Schellingberger, it was announced by President Sandy Hargrove.

Mrs. Hargrove then conducted the business meeting with Mrs. Betty Nighossian reading the minutes from a previous meeting.

Members agreed to purchase a typewriter for the school office and then selected a nominating committee to include Joyce Hillrich, Marylyn Laycock, Daisy Heffner, Harry Briggs and Anita Dean, the latter to serve as chairman.

Winners for the PTA Cultural Arts contest for November and December were students in Mrs. Joyce Albers class who used a display of American Indians for the project.

January and February pupils of Victor Popovskiy's class won the honor with a display of pictures drawn of Mona Lisa, cassettes, shields and a play about Mona Lisa written by the students.

Singing a special song for the event was Kerin Dippel, Janis Burkhardt and Anna Himmell. Each honoree received ribbons provided by the PTA Unit.

Students winning awards in Reflections category were Chuck Noud and Melissa Holloway.

The next skating party for Niedringhaus School pupils is set for this afternoon, March 12, the president noted.

## Royal Rangers and Missionettes honored

The Royal Rangers and Missionettes of City Temple Assembly of God Church, 4751 Maryville Road, held a special ceremony to honor outstanding boys and girls of each group for the year of 1983. Usually, each group holds its own award ceremonies, however, this time they combined forces to make it extra special.

City Temple pastor Rev. James Burnette, opened the festivities in prayer followed by the color guard, consisting of Bobby Bradford and Steve Perigo, escorting the flags in, carried by Steve Moutria and Frank Haynes.

Missionette Sherry Benson led the pledge to the American flag, Wayne Burnette led the pledge to the Christian flag and Sherry led in pledge to the Bible. Danny Holmes gave the Royal Ranger pledge, and the missionette pledge was by Dawn Benson.

Commander Dan Holmes presented the "straight arrows" with their awards. Kris Coleman and Danny Holmes each received the warrior pin, Bradley Holmes was Straight Arrow of the Month for November and Kris Coleman for January. Each received a certificate, and Danny Smith earned his first year service star.

Missionette Coordinator Pat Pryor gave pins to the Rainbows, which consist of boys and girls three to four years old. Receiving pins were Shannon Walsh, Jamie Douglas, Kara Coleman, Holly Pascoe, and Chuck Morris.

Sponsor Chairman of the month for January, Shannon Walsh Jr., was also honored, as the Rainbows sang "Jesus Loves Me."

Commander Randy Pryor distributed the Buckaroo awards. Completing Greenhorn requirements with Johnny Damron. Buckaroos of the month were, December, Jason Black and January, Derek Wolfe. Eric Burnette, who is a Pioneer, received the "top hand" pin, the highest advancement in Buckaroos, that required memorizing 13 scripture verses.

Alba Walsh, sponsor of the Daisies, presented the girls with their awards. Mandy Bloodworth and Missy Morris received the loving badge, Becky Bradford, and Kitty Walsh received the giving badge.

Anyone interested in learning more about Royal Rangers or Missionettes should contact any Assembly of God church or call Les Wiles or Pat Pryor.

## Scouts honored at Blue and Gold banquet

St. Margaret Mary's Cub Scout Pack 103 held its blue and gold banquet in the school cafeteria. Prayer before dinner was led by the Rev. Francis Tebanunga and a banquet song was sung by all the scouts. The opening flag ceremony was led by the Webelos. Cubmaster Larry Dillard welcomed everyone to the banquet and gave a brief history on how the cub scouts began.

Webelos badges were awarded to Neal Zimmerman, Scott MacKenzie, Jason Brown and Jeff Seiz in a special ceremony honoring the scouts for achieving the second highest honor a scout can receive. Their parents also participated in this ceremony for all their cooperation in helping their sons achieve this honor. Chris Cupples and Nick MacLaren, not present, will also be awarded their Webelos badges, at a later meeting.

Matt Costello, Bobby Habermehl, Bart Alsop, Brian Seiz, Bryan Shaw and Jason Dillard of Den One all received instant recognition beads for completing required

achievements. A ceremony was also conducted for the Cub Scouts of Den One receiving Bear badges. Jeff Miller, Eric Brown, Bryan Shaw, Brian Seiz, Matt Costello and Bobby Habermehl were awarded their Bear badges by their parents, Eric Brown, Jeff Miller and Matt Costello each received a gold arrow point for completing 10 Bear electives.

The Charter was presented to Rev. Tebanunga by Mrs. Ron Luebben. He then presented the charter to Jim Seiz, committee chairman. Special recognition plaques were given to Diane Seiz and Frances Brown by all the scouts in appreciation for all their work and for being such outstanding den leaders. The treasurer's report was given by Christine Green.

A slide presentation of Boy Scout Camp Sunnen showing the summer

camp's operations, facilities and activities was given by Ron Luebben. Luebben extended an invitation to all the scouts to attend summer camp for four days during the week of July 8.

Ed Brown announced that he and Jim Seiz will be leaving the cub scout pack as Webelos Den leaders next year to start a Boy Scout Troop, and that Cub Scout Pack 103 will be in need of Webelos Den leaders to continue the help, support and guidance for the new Webelos scouts. If anyone would like to volunteer their time and support, contact Cubmaster Larry Dillard or Jim Seiz, Webelos Den leader, Brown said.

Cubmaster Larry Dillard announced that the District Pinewood Derby will be held on March 17 at the Chouteau Township Hall. A candlelight closing ceremony was performed by Den 1.

## Cub Scouts compete in Pinewood Derby

Pinewood Derby in the St. Elizabeth School cafeteria. The derby is a father-son project, which involves the making of race cars out of a block of pine.

The Wolf winners were: Steve Lubak, first place; Rich Welborn, second place, and Tony Yurko, third place.

The winners in the Bear division were: Robert Haack, first place; Matt Loftus, second place, and Stanley Kromay, third place.

The winners of the final heat were Haack in first place, Loftus in second place and Lubak in third.

The first place winners of each den received trophies, as well as the top three racers in the pack. All of the winners are eligible to compete in the district Pinewood Derby, which will be conducted Saturday, March 17.

## Illinois Power report notes 60 years of service

Illinois power Co., in its annual financial report, has reported a 33 percent increase in profits from 1982.

In its annual report to stockholders for 1983, IP also commemorates the company's 60 years of service to its customers.

During 1983, Illinois power Company's total revenues increased 15.5 percent, while its operating expenses and taxes increased 12.7 percent.

Earnings per common share increased from \$3.04 in 1982 to \$3.80, or 25 percent. However, the earnings per share are made up of both cash and non-cash earnings.

WENDELL J. KELLEY, chair-

man and president of Illinois Power Company, told stockholders, "only \$2.02 of our earnings came to us as cash earnings, which have been in a slump for 10 years. For continued financial strength, our cash earnings must be improved and that is one of our most urgent and immediate objectives."

While 1983 earnings reflect considerable improvement in the cash component over recent years, they are not yet back to the levels of the cash components of our earnings in 1973.

The report includes this capsule review of the company's early operations:

"Although our company roots, like those of many families in Illinois, go

back to the time of Lincoln, the utility known today as Illinois Power Company emerged as a corporation in 1923.

IT WAS FORMED when 37 small utilities were consolidated and became Illinois Power and Light Corporation, known for many years as I.P.L.

"It operated in Illinois, Iowa, Kansas, and Nebraska as part of a large network of utilities under North American Light and Power Company, Illinois Power and Light Corporation became Illinois-Iowa Power Company in 1937.

"In 1943, when the Iowa properties were sold, the company formally became Illinois Power Company."

## \$3 million released for Kilgas project

The Allis-Chalmers Kilgas coal gasification demonstration project in East Alton received another vote of confidence from the Illinois Energy Resources Commission last week when the Commission approved \$3 million in funding for the operational support of the system from the Illinois Coal Technology Development Assistance Act, according to State Sen. Sam Vadalebene (D-Edwardsville).

Vadalebene was the chief sponsor of legislation creating the act, which became law in January of this year, and initiated specific funding for the Kilgas project.

Vadalebene termed the commission's approval of the operational funding as just "another indication of the state of Illinois' commitment to prove that Illinois coal can be burned in an environmentally-safe manner."

The commission previously awarded the Kilgas project \$18 million in Coal Development Bond

funding in February 1979 to construct and operate the low but gasification plant in East Alton. The system operates with Illinois number 6 coal.

"With the approval of this funding, the state has taken another step forward in its efforts to revitalize the economy of Southern Illinois," Vadalebene stated. "Once this project is completely operational and we have proven beyond a doubt that Illinois coal can be used in an environmentally-acceptable way, we will have opened the door to increased coal production, increased employment and, thus, an increased economy."

The funding application was submitted to the Commission by the Department of Energy and Natural Resources on Jan. 23. The 18-member commission had 45 days in which to act on the funding recommendation.

## Two arrested after incident at tavern

In a court appearance last week, Michael A. Ward, 39, of 2031 Madison Ave., pleaded guilty to charges of assault and disorderly conduct and was fined \$100 and released.

Mark A. Carico, 30, of 2325 Lincoln Ave., entered a guilty plea to a disorderly conduct charge and was fined \$150 and was released.

Both were arrested in the vicinity of August and Edwards streets after leaving Jacobsmeyer's Tavern, where the pair allegedly caused problems.

After being asked to leave the tavern, Ward reportedly threw beer on the floor and made a threat toward an employee and Carico used obscene language to a barmaid. One of the men attempted to hide from officers by lying on the ground in an alley, reports said.

## Bubblemasters' dance March 24

The Bubblemasters Scuba Diving Club will sponsor its annual dance Saturday, March 24, at the Croatian Home, 10th Street and Madison Avenue, Madison.

The public is being invited to attend the affair, which will feature The James Boys band playing music from the 1950's and '60's. Dancing will start at 8:30 p.m. and continue until 12:30 a.m.

Tickets costing \$7.50 each include free beer, snacks and setups, according to Gina Horstmeier and Sue Giovanini, co-chairmen.

Advance tickets may be secured by calling 451-7328 or may be obtained at the door the night of the dance, Paula Weiss, Bubblemasters public relations chairman, advised.

Proceeds from the event will be used to help finance various projects sponsored by the diving club. Among its endeavors, the group provides holiday gift baskets to needy families at Christmastime.

## 2,000 Youth Corps jobs available

A limited number of summer work experiences are being offered to teenagers by the Department of the Interior's U.S. Fish and Wildlife Service. The work opportunities for youths range from feeding fish at a national fish hatchery to helping wildlife researchers on a national wildlife refuge or working on wildlife-related projects at various service offices scattered across the country.

These possibilities are all part of the Youth Conservation Corps (YCC) program, which is open to men and women 15 through 18 years of age. The National Park Service and the U.S. Forest Service also are sponsoring similar programs.

The YCC program objective is to employ the youths in positions linked to Service activities, while providing them with an understanding and appreciation for the nation's wildlife heritage. Applications for the program currently are available from most U.S. Fish and Wildlife Service offices. All applicants will be notified whether or not they were selected by May 1, 1984. The majority of those selected will begin their

employment, usually for eight weeks, in June and will be paid minimum wage.

The Fish and Wildlife Service expects to employ approximately 2,000 youths nationwide. Additional information is available from the nearest office of the U.S. Fish and Wildlife Service, National Park Service or the U.S. Forest Service, or by calling 1-612-725-3519.

## Women of Moose enroll members and attend Cahokia Rally Day

Two new members, Wanda Turner, sponsored by Pam Thompson and Vera Harmon, sponsored by Benetta Boyd, were enrolled in the Women of the Moose, Chapter 247, at a monthly business meeting of the organization.

Senior Regent Benetta Boyd presided and announced the chapter charter was draped in memory of a member, Billy Setick who died in February.

A review of the lodge steak dinner was held and it was noted an Academy of Friendship committee will sponsor a towell social this month.

Protem officers for the night were Jean Teller, Frances Voyles and Sara Gusewelle. After the meeting a luncheon was served by the Hospital committee who also presented prizes to game winners, Mrs. Boyd and Anna Kuzma.

The following week, members motored to the Cahokia Moose lodge to attend the Chapter Rally Day that was attended by approximately 200.

Chapters participating in the ritual included, Belleville, Cahokia,

Centralia, East St. Louis, Granite City and Mascoutah.

Conference leader for the ritual was Betty Johnson of Centralia, a past deputy grand regent. The red stole ceremony was held with Margaret Speir, director from Cahokia, Mildred Votoupal and Marian Lipscomb of Granite City, serving on pages.

College of Regents receiving the Red Stoles were, Ella Bousley of Centralia, Mary Gubie of Belleville, Delphia Haugland of Cahokia and Sophia Faulkner of Mascoutah. Investing officers included Dorothy Lusel, Leona Jacobs, Irene Voss and Margaret Dintelman.

Senior Regent Benetta Boyd of Granite City, delivered an address on "Nominations," during the session.

All chapters participated in a march to give checks for Moosehaven activities building for arts and crafts, in Jacksonville, Fla. The only Granite City member enrolled during the festivities was Brenda Macke, sponsored by Patricia Macke.

The Granite City Chapter was responsible for the Endowment Fund and Verification of Receipts segment of the ritual.

Local chapter members present were, Sylvia Woods, Marilou Wilkin-

son, Theola Gracia, Verna Wilson, Alice Staggs, Millie Rains, and those named. Members of the College of Regents from Granite City attending were Clara Johnson, Mary Murgie, Mildred Votoupal, Sara Gusewelle, Jean Teller, Edna Miller and Marian Lipscomb.

After the meeting a chicken dinner was served by the host chapter.

## Sr. Citizens may enter art show

Mrs. Augusta Lampe, president of the Anchorage Senior Citizen Club, announced the Madison County Town and Country Amateur Art Show is to be held on April 27-29 at Rox-Arena in Roxana, during a meeting of the club, last week.

Entry fee is \$3 and those who wish to enter must be 18 years of age and enter registration no later than April 6, by contacting the Extension Advisor at 900 Hillsboro Ave., Edwardsville, 62026 or call 656-9400.

The meeting was opened with 42 members present, repeating the Lord's Prayer and pledge of allegiance. Reports were given by Leona Bain, secretary, Edna Ishum, treasurer, and Woodie Lynn, sunshine chairman.

Mrs. Lampe announced she received a letter from Don Weber who has agreed to speak at one of the meetings and from a representative of Illinois Bell Telephone who will address the club members in relation to the new phone systems.

Mrs. Lampe also announced entertainment at the March 21 potluck dinner meeting will be provided by the Swing Choir of Granite City High School.

Four members celebrated their birthdays and provided decorated cakes to be served with coffee after the meeting.

Games were played and prizes awarded to Bessie Milton, Marie Tessant, Pearl Bailey, Woodie Lynn, Theresa Schuler, Evelyn Morgan, Jo Wilkens and Mrs. Lampe.

## Modern Woodman will meet at Panthera's

## Sports volunteers taught skills

Week End University at Southern Illinois University at Edwardsville will offer a class on teaching athletic skills for volunteer coaches and others interested in participating in youth summer sports programs.

The course, Teaching Athletic Skills/Volunteer Youth Sports Coaches (PE 476 Section 902), will meet at the Sam Vadalabene Center, Saturdays from 9 a.m. until 12:30

p.m., beginning March 24.

THE COURSE is designed to provide parents or other individuals (with or without athletic backgrounds) with information and guidelines for conducting youth sports programs.

Course content will be based on a study sponsored by the Task Force on Youth Sports Programs of the National Association for Sports and

Physical Education.

Typical areas to be presented include guidelines for children's sports which encourage the greatest amount of participation under safe and enjoyable conditions, techniques for improving coach/player and coach/parent relationships, growth patterns and sequential motor skill development in children.

PARTICIPANTS will also learn how to give effective skill demonstrations and other teaching techniques.

The course will be taught by George Luedke, associate professor of health, recreation and physical education at the university. Luedke said the initial response of organizations, parents and coaches to the course has been positive. He noted that the course will not deal with only one sport but that materials and discussions will relate to the specific interests of those participating in the class.

Individuals may enroll in the class either for academic credit or non-credit. People who wish to enroll in the class for credit should contact the Enrollment Center by calling 1-692-3866.

PHOSIS NOT wanting credit may pay a \$15 Educare fee to participate in the class. Additional information concerning the course and others being offered by Week End University may be obtained by contacting the SIUE Office of Continuing Education at 1-692-3210.

### Granite City Center

MARJORIE JOFFE, an art instructor at Granite City Center of Belleville Area College, is exhibiting her art work at the B.Z. Wagman Gallery in St. Louis. Her exhibit, "New Sculpture in Paper" will be on display until Friday, March 17.

The gallery is at 34 N. Brentwood in St. Louis. The gallery is open from 11 a.m. to 4 p.m. Wednesday through Saturday.

### SIU and Edwardsville

OPEN CASTING (non-equity) continues through March 15 for the "Summer Show-Biz '84" series of the University Theater at Southern Illinois University at Edwardsville. "Summer Show-Biz '84" will offer three shows: "On Golden Pond," "Play It Again, Sam" and "My Fair Lady." Roles in all three shows still remain open.

Particular casting needs center on key parts in two of the shows. "My Fair Lady" needs a Professor Higgins and Mr. Doolittle, while "On Golden Pond" is looking for the elderly couple, Norman and Ethel Thayer, and the 13-year-old boy, Bill. Interested performers should call 1-692-2773 to make arrangements for an audition interview.

TWO REFUGEES FROM EL SALVADOR will speak at a luncheon at 12:30 p.m. in the Religious Center of Southern Illinois University at Edwardsville, Thursday, March 15. Maria and Julio were forced to leave El Salvador because of death threats. They took sanctuary in Emmanuel Lutheran Church in St. Louis in January. Approximately 100 other churches in the United States are offering sanctuary to refugees, according to Beal.

Maria and Julio will speak about their experiences in El Salvador and the upcoming Salvadoran elections on March 22. Although the luncheon is free, donations will be accepted to help defray costs. For more information or to make reservations, interested persons may call the Religious Center at 1-692-3246.

CAROL BETH TRUE, JAZZ PIANIST, will perform in concert at Southern Illinois University at Edwardsville on Monday, March 12, at 8:15 p.m. in the Communications Building Theater. The event is sponsored by the SIUE department of music.

Miss True will play contemporary jazz, including her original compositions and works by jazz notables as Joann Bracken, Keith Jarrett and Dave Brubeck. For this concert she will be accompanied by SIUE graduate Steve Schenkel, director of jazz studies at Webster University, and Kevin Gianino, jazz drummer instructor. Brett Stamps, coordinator of jazz activities at SIUE, will make a guest appearance.

Miss True is on staff as jazz piano instructor at Webster University; she also serves as rehearsal pianist for the Municipal Opera in St. Louis. Admission to the concert is free.

### Other Area Colleges

RENE' L. MAYBERRY, daughter of Mr. and Mrs. Gerald Mayberry of Granite City, will be performing the role of Alice Maupin in Southwest Baptist University's spring theatre production of God's Mighty Oak on March 19 and 20, and March 22 through 24. The drama is written and directed by Ron Butwell, professor of Speech and Theatre at SBU, and deals with the founding of the college in 1878.

Miss Mayberry is a senior, speech communications major with plans to go into public relations and promotion. Mayberry is also involved with the Forensic Squad and the Student Government Association, where she is a senior class representative.

TWO IRISH MUSIC concerts featuring the "Irish Imports," a local recording group, will be held March 16 and March 17, St. Patrick's Day, at St. Louis University.

The concerts will be held at 8 p.m. in the University Theatre, 3733 W. Pine Blvd. Tickets are \$3 and may be purchased at St. Francis Xavier (College) Church rectory, 3628 Lindell Blvd. For more information, in-terested persons may contact Fr. Kavanaugh at the SLU philosophy department, 1-314-658-3149.

AS MCKENDREE COLLEGE prepares for its annual Founders' Day Celebration, some area businesses also prepare for a visitor who will make this year's celebration extra special — Milton Berle.

"Uncle Milt" will be arriving in St. Louis on Wednesday, April 25. Upon his arrival, he will be chauffeured to Belleville via Vandalia Bus Lines, owned by Leo Street of Granite City.

Anyone wishing to attend McKendree's Founders' Day Celebration may contact McKendree College's Development Office at 1-800-683-3073 for reservations.

**GIRL SCOUT CAREER DAY.** Girl Scout Kim Druessel of Bethalto studies a piece of petrified tree shown by Rose Harolan of Granite City, a 1981 graduate of Southern Illinois University at Edwardsville, who now works for Peabody Coal Co. More than 750 Girls Scouts attended the career day, which was sponsored by the River Bluffs Girl Scout Council and the university. As many as 100 both with at least 75 representatives from many fields were featured at the event.

## SIUE Public Service Council approves tax study

A fiscal comparison of municipal revenue sources in the Metro-East area will gather information of significant public import, according to Paul Gaston, acting director of Southern Illinois University at Edwardsville.

The study, by Donald Elliott, associate professor of economics, has been approved by the university's Public Service Council. "It constitutes one of the vital activities of Summer University, serious research which provides a valid public service," Gaston said.

ELLIOTT PROPOSES to make a fiscal comparison of revenue sources and effort for 20 of the larger municipalities in Southwestern Illinois. The quality of life in this area, according to Elliott, depends to a significant degree on the quality and scope of services provided by the region's municipal governments.

The proposed study will provide a cross-section perspective of the revenue strengths and weaknesses of the region's municipal governments for use by regional planners and mayors, as well as by county and state officials.

Numerous studies in applied public finance have been published by Professor Elliott. In this one, he hopes to update and extend work he initiated for the River Bend area.

THE RIVER BEND presentation, Elliott observes, provided insight into why a regional perspective of fiscal issues and development can be important, as well as the barriers that can exist to regional cooperation because of fiscal disparities.

"Because of its academic setting, the university can undertake descriptive comparison of fiscal resources without necessary presumption of ulterior political motivation," Elliott notes. "The fact that the data base appropriate to this study has already been assembled and processed at SIUE provides a unique opportunity for inexpensive analysis; other agencies are not

positioned to carry out the analysis as quickly or as inexpensively."

The report of the project will include the following: comparisons of revenue per capita; revenue per capita by revenue instrument (property tax, sales tax, licenses, use fees, grant, etc.); tax base per capita and effective tax rates.

Wherever feasible and appropriate, there will be an analysis of trends in the measures over time.

THE MUNICIPALITIES proposed for study are: Breese and Carlyle in Clinton County; Alton, Bethalto, Collinsville, East Alton, Edwardsville, Glen Carbon, Granite City, Highland, Madison and Wood River

in Madison County; Columbia and Waterloo in Monroe County, and Belleville, Cahokia, Centerville, East St. Louis, Fairview Heights, and O'Fallon in St. Clair County.

The research project will begin in mid-June; Elliott expects to formally present his findings in fall of 1984.

## SIUE 6.5% tuition increase approved

A 6.5-percent increase in tuition at Southern Illinois University in Fiscal Year 1985 was approved Thursday by the SIU Board of Trustees. The increase will be effective with the collection of tuition for the summer sessions this year. The Board had given notice of the proposal on Feb. 9 at the meeting of the Trustees on the Carbondale campus.

The increase was proposed by SIU administrators on the basis of Illinois Board of Higher Education recommendations for public universities, approved Jan. 10. The IBHE said a 6.5-percent increase in tuition is commensurate with the Higher Education Price Index for Fiscal Year 1983. The increase will provide about \$12.2 million of a total proposed increase of \$73.3 million for public universities in FY-85. For the SIU System, the increase will provide approximately \$1.8 million, of which SIU at Edwardsville is expected to receive \$523,600.

THE ANNUAL increases for full-time resident students at SIUE will be: undergraduate—\$57.45; graduate—\$61.50; and dental—\$114. The respective annual rates will be: \$839.45; \$1,006.50, and \$1,846. Non-resident students are charged three-

times the resident rate, but Missouri residents may take as many as nine hours of credit per quarter at the same rates as Illinois residents.

Since Fiscal Year 1972, tuition and required fees at SIUE have increased by 106.9 percent, while the increase in the Consumer Price Index has been 147 percent for the same

period. SIU officers said a review of tuition increase possibilities left no really desirable alternatives. They explained that IBHE budget formulation policies mandate a tuition increase derived from cost-of-living indexes, and persistent inflation requires persistent tuition increases in the IBHE budget recommendations.

## Dream Factory sponsors dance Saturday

The St. Louis-Metro-East Chapter of the Dream Factory is sponsoring a St. Patrick's Day Dance on Saturday, March 17, to raise funds necessary to help fulfill dreams and wishes of seriously ill children. The dance will be held at the American Legion Hall, Post 335, 1106 Raymond, Spanish Lake, Mo. The cost is \$20 per couple, which includes a live three-piece dance band and drinks. Tickets may be purchased at the door or by writing Post Office Box 7, Granite City, Ill. 62040. Information also may be received by calling 451-3405.

Since its inception in August of 1983, the St. Louis Chapter has fulfilled the dreams of at least 18 to 20 children. These dreams vary. Disney World is a favorite spot to

visit; color televisions; home computers; a visit with Barbara Mandrell; trips to see grandparents; a trip to the Marine Corps and a trip to see the Dallas Cowboys in Dallas, Texas, have been among those granted.

The purpose of the Dream Factory, is to create a smile on the face of a seriously ill child, to promote a better family atmosphere during a time of great suffering and to involve the whole community in the pleasure of granting wishes to children in need of a ray of sunshine in their lives.

Granite City Jack Solberger is president of the local chapter and several other local residents are active members. Anyone wishing to become a member can contact the phone number listed above or by attending the next meeting to be held at the Cardinal Glennon Hospital Auditorium in St. Louis on Monday, March 12, at 7 p.m.

Donations, no matter how small, are welcomed with the entire amount applied to the cause, checks may be mailed to the above listed address.

The program has been approved for Continuing Education Credit by the Illinois Department of Public Health.

## ID cards offered for grade school pupils

The student identification card project that was conducted last year is to be continued this year at Granite City schools.

The Board of Education has authorized the voluntary program to resume this spring.

Elementary pupils are furnished identification cards. Each contains the child's name, birthdate, sex, blood type, height, weight, photograph and fingerprints.

If a child becomes lost or is kidnapped, the card offers factual means of identification, a spokesman pointed out.

Granite City police again will provide personnel to train laymen to prepare the card data. The River Bluffs Girl Scout Council will recruit scouts and parents to help, and a number of service clubs will be asked to aid in the financing.

No child will be identified without written consent from parent or guardian. The voluntary nature of the program was emphasized to the board in comments by Supt. B.J. Davis.

In other business, the board has adopted the revised 1983 edition of the Houghton-Mifflin reading program as the basic reading textbook for grade school students.

Elementary teachers voiced interest in this text at their Dec. 23 in-service day.

Advantages cited are an improved sequence of skills introduction, heavy emphasis on comprehension skills, and exit-level testing utilizing microcomputers for scoring and feedback.

The series for kindergarten through sixth grade children is to be secured through the Illinois Textbook Loan Program.

The extent of the adoption for 1984-85 will depend on the number of requests the state receives from various school systems. It is possible that kindergarten through third grade will be implemented next year.

## Seniors are honored during Employ Older Workers Week

The week of March 11 to 17 has been proclaimed "Employ the Older Worker Week" by Governor James Thompson to encourage employers to recognize contributions to and productivity in the work force of the nearly 2.4 million workers over age 55 in Illinois.

Locally, the American Association of Retired Persons, the National Council of Senior Citizens at Belleville Area College and the Southwestern Illinois Area Agency on Aging are coordinating the Metro-East promotion of Older Worker Week by publicizing the success stories of older workers from their Senior Community Service Employment Programs.

The Senior Community Service Employment Program is funded by the Department of Labor under Title V of the Older Americans Act and was designed to provide, foster and promote useful part-time work opportunities for economically disadvantaged persons who are 55 years-of-age or older. It provides work experience in community service non-profit organizations, leading to permanent job placement in either the public or private sector. Eight Metro-East older workers have been singled out for special recognition: Charlesetta McKire of Lovejoy, Ill., Outstanding Ex-Title V Older Worker; Nancy Haydon, Madison County Outstanding Ex-Title V Older Worker; F. Morton Lattle of Belleville, shortest time taken to obtain permanent employment; Ayleta Kennedy, at age 70, oldest SCSEP enrollee to be hired from the program; George Wuebbles, at age 76,

and the fourth through sixth grades in 1985-86.

The Feb. 13 teacher institute on drug and alcohol abuse prevention increased faculty members' knowledge, 76 of 129 said.

By a 108-14 margin, participants described a new curriculum guide and materials list as helpful in incorporating drug-alcohol abuse prevention into the health curriculum.

Local students will participate on a voluntary basis in the spring 1984 community clean-up campaign of the Tri-Clutes Area Chamber of Commerce.

Youngsters will help make school grounds neat, will compete in fighting litter, and will help clean their homes.

Winners of a "litter bug" contest will receive Chamber certificates and McDonald's Restaurant guest cards.

Students also will be able to volunteer for a May 5 bike-a-bike 12th annual such event sponsored by the American Diabetes Association. Prizes will be awarded at the Steinberg skating rink in Forest Park. Funds pledged will go for diabetes research and for operation of the St. Louis Camp for Diabetic Children.

Sealed bids to buy school property are to be opened at 9:30 a.m. Monday, March 19, at the board office.

A 100x265-foot portion of the Nameoki School campus is to be made available to bidders, at the request of the adjacent church, which wants to assure continued parking access.

The Emerson, Johnson, Logan and Washington school buildings and grounds also are being offered. All are idle due to assignment of pupils to other buildings.

The Board of Education will retain the right to accept or reject any and all bid proposals.

## Knife incident ends in charges

A bizarre incident with potentially serious consequences occurred last week when a 16-year-old Granite City youth allegedly with one or two knives in his possession became angry, manhandled a former girlfriend and threw a butcher knife at an auto.

The youth eventually was charged in juvenile court with resisting arrest, criminal damage to property and disorderly conduct. He appeared in court and pleaded innocent. He was released on recognizance. Since the case involves a juvenile, his name is not being released.

The police department received several calls from residents in the vicinity of the 2400 block of Missouri Avenue, all of whom reported that a young man with knives was in the street "going crazy."

An officer arrived there to find the youth in an apparent highly emotional state standing between two houses. The youth appeared very agitated and came into the street screaming obscenities and totally out of control, the officer said.

When the officer tried to talk to the youth, he continually jerked away and then ran across the street, where he was chased and wrestled to the ground, reports said.

An off-duty policeman stopped at the scene and assisted in handcuffing the youth and he was placed in a squad car, where he continued to scream and make serious threats against another youth. He refused to tell officers what had prompted the incident.

Two large kitchen knives allegedly were given to police by persons at the scene.

From the youth's former girlfriend and another youth, officers learned the girl went to the arrested youth's house at his request to pick up some record albums when he became agitated and began beating her head against a wall and choking her.

She began to scream and the other youth, who had accompanied her there, went to a rear door at the house to assist her, but couldn't get inside although he kicked at the door. The youthful attacker then let the girl go and she escaped through the back door.

She and her friend were attempting to leave when the arrested youth ran from the front door of the dwelling, breaking the door. He allegedly was holding knives and threw a butcher knife at the auto occupied by the girl and second youth.

The youth climbed on top of the car, kicking it, but fell to the ground when the driver started to move the vehicle, reports said.

The girl and her companion later came to police headquarters and it was noted she had red marks on her neck. She did not want to prosecute her former boyfriend, but only wanted to be left alone, she told police.

In the house where the youth lives, a drawer was pulled out and knives were laying "all about the place," the reports noted. After being placed in the juvenile cell at police headquarters, the youth fell asleep and a parent was contacted, it was reported.

## TREATED FOR INJURIES

Stephen Mitchell, 25, of Troy, Ill., was taken by Granite City Ambulance to St. Elizabeth's Medical Center where he was treated for injuries sustained when his car struck a utility pole at the Granite City Steel guard office, 20th Street and Nash Avenue, at 7 a.m. Saturday. He was later returned to the police station, where he was charged with driving at large for conditions and being under the influence of alcohol. He was released at 9:14 a.m. Saturday after posting \$102 cash bail.

**SAFETY FIRSTS.** Four Granite City departments were awarded safety plaques for completing at least one year without employee missing work due to job-related injuries. Those presenting the awards are, left to right, Mayor Paul Schuler, First Ward Alderman Casmer Skubish and Safety Director Richard Portell. Accepting the plaques for their staff are: Fire Chief Donald Pante, receiving awards for both the firefighters and ambulance employees; City Clerk Robert W. Stevens, and City Treasurer Nick Petrillo, representing all office workers in the city, and Paul Carossett, Humane Department officer, representing his department.

## Safety reaps rewards for city workers

The first safety awards issued to Granite City workers were given last week to four different departments that had completed at least one year without a single days' work loss due to a job-related injury.

Safety Director Richard Portell has been trying to get the awards program off the ground for quite a while, but 1983 proved to be a winner for safety-conscious employees. "It was a good year," Portell commented. "The awards will be an annual event, if there are candidates."

Last year, the fire, ambulance and humane departments, as well as all office workers throughout the city, watched their step and dodged potential safety hazards to capture safety awards. Two years ago, the humane department was the only section to report no lost work days due to job-incurred injuries.

Portell is not quite sure himself

what made the difference last year and he is surprised to find the firefighters on the award list, in view of their relatively dangerous occupation. "It's very unusual," but, he added, "I think firemen are getting more safety conscious."

As part of his safety routine, Portell tries to visit each city department once a day. He also shows various films on safety procedures to the different groups. If an accident does occur, he inspects the site and tries to determine the cause of the accident to prevent it from happening again.

As an example, he cited a situation that resulted in the injury of two firefighters, involved in separate accidents when they reached through the rungs of fire ladders. He installed devices that would prevent other men from repeating the same actions.

The safety records for the various city departments for 1982 and 1983 are, respectively: police, three days and one day; firefighters and ambulance employees, three days and no days; street workers, three days and two days; wastewater treatment plant workers, three days and one day; office workers, one day and no days; and humane officers, no days lost the last two years.

Portell, who also is in charge of filing workmen's compensation reports, recorded 118 injury cases in 1982, compared to 68 injury incidents in 1983. The results show a decrease of 50 accidents.

At the Tuesday council meeting when the awards were formally presented, Mayor Paul Schuler told aldermen the impressive record was one way the city might be able to curb rising insurance costs.

## Exploratory leaves by school employees

A one-year extension of the previous exploratory leave program has been approved by the Granite City Board of Education. The most recent year it was offered was the 1982-83 school year.

All employees are eligible to submit a request. Those who are interested in going on an exploratory leave in 1984-85 are to contact the school district's personnel office immediately.

Under the policy, the board may grant a leave of absence without pay for one year in order for a school employee to explore employment in a career other than education.

The superintendent of schools is responsible for the issuance and execution of appropriate administrative policy, rules and regulations, the policy says.

Existing rules specify that:

1. Applicants must have at least six consecutive years of full-time experience in School District Nine.
2. The latest extension is for leaves in the 1984-85 year.
3. Exploratory leave is without pay or fringe benefits, but the applicant may elect to continue his or her insurance with the district at the employee's expense during the leave.
4. The deadline to apply traditionally has been March 15.
5. Approval by the board, based on the superintendent's recommendation, takes place in May.

6. Those granted a leave must notify the superintendent of their intention to return to work the next fall before March 1 of the leave year.

7. Assurance of reemployment is given, for a vacancy that the person is qualified to fill, but there is no guarantee of any particular work assignment.

8. There is no break in continuous service for tenure status, but the time spent on an exploratory leave does not add to the individual's length of service.

9. Substitute work in the district by a person on exploratory leave is not permitted.

10. Return from such a leave is not allowed prior to the leave's termination date.

11. The board's decision to grant or not grant a leave is not subject to appeal.

Further consideration of the exploratory leave policy is planned in October 1984.

## STEAL MOTORCYCLE

The theft of a 1977 Honda motorcycle with red fenders, which had been chained beside a storage building in the rear yard at the home of Bert Schreest, 2218 Edwards St., was reported this month.

**BANKER PROMOTED.** John L. "Jerry" McDonald has been elected vice president of Central Banc System, Inc., in Granite City. McDonald will be responsible for coordinating the group's banking operations. He formerly served as vice president-controller of the Farmers and Merchants Bank of Highland and president of the Monroe National Bank, Columbia, Ill. Central Banc System, Inc. is an Illinois multi-bank holding company which currently owns Granite City Trust and Savings Bank and the First Bank of Marine, Ill.

## Cranston delegate candidates run on uncommitted basis

Former Alan Cranston supporters are now running as uncommitted delegates to the Democratic national nominating convention. The U.S. Senator from California has withdrawn.

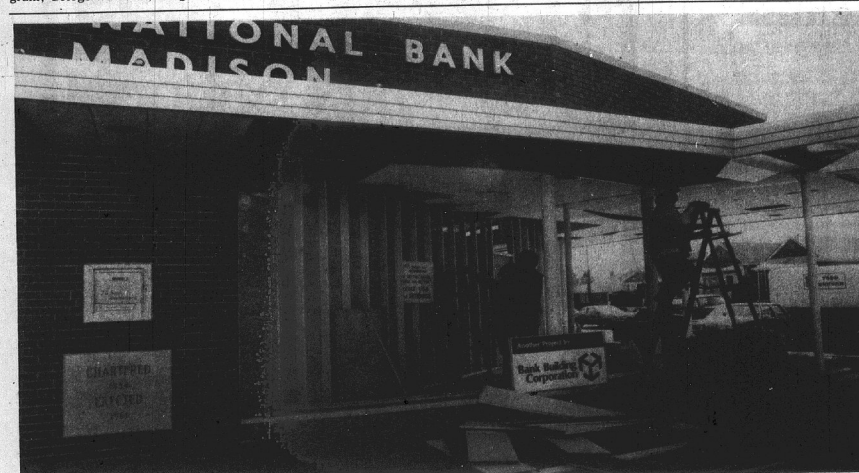

Beatrice Stegeman of Collinsville, one of the delegate candidates, said Friday, "The Cranston committee will continue to work for peace, employment, the environment and equality, if elected."

"The ballots are already printed, and Sen. Cranston remains, but the first five delegate candidates are now legally uncommitted. They are myself, former Belleville Area College Teacher in Granite City, and Lenny Eslinger, Ruby Wilson of Edwardsville, Dorothy Haegle of Godfrey and Robert Blain of Edwardsville.

"Alternate delegate candidates are Robert Hildebrand of Edwardsville and Charlene Gill of Alton," she noted.

## FORGERY IS CHARGED

Larry Darnell Sadler, 25, of East St. Louis, was charged with forgery Wednesday by Madison police after he allegedly tried to cash a check for \$325 at Schermer's Market. The check was drawn on a bogus account supposedly at the First National Bank in Madison. Sadler was transported to Madison County Jail Saturday, according to police reports.

**PREPARING FOR GROWTH.** Bank Building Corp. workers remove the front entrance of the First National Bank in Madison, Sixth Street and Madison Avenue, Tuesday in preparation for the installation of an elevator and new entrance.

A second floor will be added to the present bank building and existing facilities will be remodeled. Approximately 5,000 square feet of space will be added to the bank.

## JULIE protects underground pipelines

Unseen but always present, are underground pipelines, cables and other facilities used by energy, communications and similar companies to provide services that make for a better standard of living.

Protecting the structural integrity of these systems from damage caused by digging or earth moving is necessary if major disruptions are to be avoided.

In order to deal with these problems better, JULIE (Joint Utility Locating Information for Excavators) was formed. The system gives property owners, contractors and excavators the convenience of contacting owners of underground lines with only one telephone call. Upon notification, member companies locate and mark facilities to minimize the potential for accidents. Before JULIE, the system for helping excavators was not streamlined.

Contractors had to call each utility, often not knowing whom to contact or what information would be needed.

The ramifications of damaged equipment and interrupted service are serious. Loss of natural gas, telephone, water or electricity can leave communities without vital services such as heat, fire, police or medical protection. Damage could result in serious personal harm or property damage.

JULIE is an example of organizations working together to achieve a common benefit. Each company pays its share of costs based on an "as used" criteria. The system informs member-company operating offices of location requests by companies, so crews can be dispatched. Companies must maintain terminal equipment and keep JULIE informed of changes or additions to service

territory. Each month, an average of 17,700 calls are received.

When customers call, they must provide the county, township, section number and quarter section, information which can be obtained from property records, tax records or local governmental agencies.

Besides coordinating location of utility facilities, one of JULIE's main tasks is to keep the public well-informed. The cooperation of home-owners, municipalities and excavators is required to ensure the program's success.

Services provided by JULIE save utilities and their customers the cost of repairing damaged equipment and the inconvenience and hazard of interrupted service.

For more information about JULIE, interested persons may call 1-800-492-0123.

## Illinois Bell's 1983 earnings rose 22.6%

Illinois Bell enjoyed a strong financial year in 1983, despite the challenges of preparing for the company's divestiture from AT&T.

The company's annual report released last week notes that Illinois Bell's expense control and revenue generating efforts increased the company's 1983 earnings 22.6 percent to \$337.9 million.

A significant change took place at the end of 1983 with the transfer of Illinois Bell's ownership from AT&T to Ameritech, one of the seven regional companies created as a result of divestiture.

"For all of us, 1983 was a watershed year," said Illinois Bell President Ormand J. Wade. "It was a year that took our best efforts to keep the business financially strong and service levels high."

"The transition was not easy. We took one of the best telecommunications companies in the world and reshaped it for a new and exciting future."

The company's revenues increased slightly to \$2,387.2 million — an increase of \$8.5 million or 0.3 percent. Operating expenses in 1983 were \$1,944.7 million — a reduction of \$84.4 million or 4.2 percent from 1982. Illinois Bell had its best expense control record of the 22

former Bell System operating companies, he noted.

Return on total capital was 10.67 percent, up from 9.44 percent in 1982. Return to equity was 13.49 percent, up from 11.25 percent the prior year.

The number of company access lines increased by 48,000 or one percent to 4,647,000. The number of local calls rose 1.9 percent to 14.5 billion.

In July, the Illinois Commerce Commission issued an order allowing an increase of \$9.7 million for the balance of the year. A court order effective in July allowed the company to recover an additional \$15 million for the remainder of 1983.

In December, as a result of a divestiture-related proceeding initiated by the ICC, Illinois Bell was granted an additional \$92.5 million increase effective Jan. 1, 1984.

The transfer of 7,450 employees (mainly to AT&T) on Jan. 1, 1984, along with a net reduction of 1,867 during 1983, meant that Illinois Bell began 1984 with 23,705 employees, a decrease of 9,317, or 28.2 percent, compared with Jan. 1, 1983.

During 1983, Illinois Bell took steps to make the local telephone network fully capable of high-speed digital transmission. Thirteen percent of local access lines installed in 1983 are served by the Digital Loop Carrier system, which will allow

high-speed data transmission from Illinois Bell switching centers to homes and businesses.

Illinois Bell also made significant gains in installing fiber optic cable between central offices and installing lightguide access lines. The company plans to have 10,000 fiber miles of interface cable and 8,500 miles of lightguide fiber access lines installed by 1985.

In 1983, the company circled Chicago's downtown with a lightguide network connecting seven downtown Chicago switching centers. By mid-1984, Illinois Bell will lead all the former Bell operating companies in the number of business customers with local access available through fiber optics.

New-age switching equipment installed in the local network enabled the company to add 461,690 customer lines to those already served by stored program control. Statewide, 64 percent of customer lines were served from computerized central offices — in Chicago, 70 percent.

In 1983, Illinois Bell placed in service the world's first expandable No. 5 Electronic Switching System in Sugar Grove.

Illinois Bell has chosen Centrex service, which provides customers with communications capabilities from the company's switching centers, rather than on the customers' premises, to spearhead its business marketing thrust. Providing extra reliability and low-cost maintenance, Centrex can provide a range of features.

A new subsidiary, Illinois Bell Communications, Inc., will sell Centrex and voice and data terminals that support Centrex features.

On the national scene, the issue of implementing the Federal Communications Commission's access charges for residential and small business customers was postponed but not resolved. "We favor a system of access charges which is based on sound economic principles, does not create artificial incentives for bypass, and creates more certainty in the marketplace," Wade said. "We believe that universal service can be retained best by putting this program into effect."

A three-week strike against the former Bell System in August affected Illinois Bell. In addition, during the last months of 1983, the many changes facing Illinois Bell made it difficult for some customers to reach Illinois Bell customer contact people.

The annual report notes that the company's future success will depend as always on the quality and customer orientation of the service Illinois Bell provides.

**THE 'BRAINS' TEAM.** Twelve students from Granite City High School won in a team competition in biology, chemistry, English, graphics, mathematics and physics at Belleville Area College recently. The competition was sponsored by the Junior Engineering Technical Society. GCHS came out on top of nine schools in the large high schools competition and will advance to next level at Southern Illinois University at Edwardsville. Seated from the left are: Lisa Sheikh, a team member; Pamela Robeff, a finalist in biology; Elizabeth Trimmer, first in chemistry, and Michelle Bezan, a team member. Standing are: James Mood, a team member; Chris King, third in English and a finalist in chemistry; Robert Sievers, first in physics and a finalist in mathematics; Kenneth Daur, second in English; Michael Sleske, second in graphics; David Birkhead, a finalist in physics; Gerald Hossebrook, first in graphics, and David Menendez, a finalist in English. Faculty sponsors are Harold Gebhardt and Tom Lubak.

### DUI ARREST ON ROUTE 3

Patrick Barnhart, 26, Collinsville, was booked by Granite City Police at 12:15 a.m. Friday after they said his car weaved from lane to lane on Illinois Route Three at West Pontoon Road. Charged with improper lane usage and driving while under the influence of alcohol, he was released at 2:10 a.m. on \$102 bail.

## Sierra Club will study soil conservation tonight

Piassa Palisades Group of the Sierra Club will meet tonight at 7:30 at First Presbyterian Church, Fourth and Alby streets in Alton.

The topic of the evening's program is "Soil Conservation: Implications for the Future." Bob Erb, who is researching the different ways that Principia College can use its farmland, will discuss this topic.

Erb works at the college and is

### Seminar studies impact of TV

Are you feeling uncomfortable with the growing influence that television is having in the lives of your family? Do you feel concern over the emotional and educational impacts upon your child? Who are today's role models?

The Shrine of Our Lady of the Snows, in conjunction with Lutheran Family and Child Services, is offering a series of programs for parents on how to cope with TV in the daily lives of their families. Discussion will focus on the values presented on television—sex, violence, stereotyping and others. Where do they fit with our Christian values?

Mara Berry of Lutheran Family and Children's Services of Missouri will be conducting the Monday Good News for Parents classes beginning Tuesday, March 20, at the National Shrine of Our Lady of the Snows. The four-week course will meet on Tuesday evenings from 7 to 9 p.m. in the Dr. Tom Dooley Center.

Pre-registration is required by Friday, March 16. For further information or registration, interested persons may contact Sister Helen Smith at the Shrine, 1-397-6700.

### Seminar to look at warehouse operations

A two-day seminar on Planning and Managing Warehouse Operations, sponsored by the Center for Management Studies at Southern Illinois University Edwardsville, is scheduled for March 14 and 15 at the Airport Ramada Inn in St. Louis.

The seminar, which will run from 9 a.m. to 4:30 p.m. on Wednesday and Thursday, is especially designed for warehouse managers, inventory managers, materials handling engineers and industrial engineers.

THE SEMINAR will be conducted in a step-by-step approach, covering areas such as setting personnel performance standards, selecting the best combination of materials for handling and storage equipment, laying out the warehouse for best space, labor and equipment utilization and setting up an integrated loss control program to minimize fire, employee accidents, damage and obsolescence.

To register or for more information, interested persons may contact the Center for Management Studies at 1-692-2668.

coordinating this new research project. He has farmed and ranched for many years in Montana, and during this time, he has run a dairy farm, producing, bottling and selling Grade A milk from Guernsey cows and has grown 50 acres of vegetables.

Throughout his farming experiences, he has experimented with varieties of organic farming and other techniques to limit the use of pesticides and herbicides that could harm the environment — while maintaining a good yield and preserving the soil.

Beginning in January 1983, soil conservation standards take effect that could result in closer monitoring of soil erosion among farmers and others in rural areas. Certain soil erosion standards will be set and enforceable by law in each county. In the light of these pending standards, Erb will explore various options available to farmers as they try to both preserve their soil for future crops and produce an appropriate yield at present.
